

# \$2.9 million bond issue election for remodeling schools

By BILL WINTER  
of the Press-Record

Despite high unemployment and an economic recession, the Granite City School Board decided Tuesday night to submit \$2,900,000 in school building maintenance and remodeling work to voters in a special election this fall.

Citing many physical deficiencies at 18 schools and the board office complex, Superintendent of Schools Bobby Joe Davis told the Board of Education, "If we do not make repairs and update the maintenance of our buildings, they are going to continue to deteriorate, and the costs to do the repairs will increase."

Chapman and Cutler, Chicago-based

bonding attorneys, will be hired to cooperate in preparing necessary resolutions and documents, the board decided.

It responded affirmatively to Davis' recommendation that a bond issue election be held prior to Dec. 1.

On that date, authority to conduct all local-level elections will shift to county jurisdiction and voting will be limited to certain joint election dates.

Supt. Davis and School Attorney William Schooley will confer with two designated law firms here and will recommend a Granite City bond-issue attorney to the board Aug. 12. Schooley asked to be excluded from consideration for the contract.

In addition to working with local and Chicago attorneys in listing the school building improvements to be carried out with bond issue proceeds, school administrators will suggest how much of a tax rate increase to propose for the building fund. That fund's present rate ceiling is 37½ cents per \$100 assessed valuation.

Supt. Davis attributed the deterioration of schools to inadequacy of the building fund tax rate. If there were separate elementary and high school districts here instead of a community unit district, the combined building rate maximum could be as much as 50 cents, he noted.

A 10-cent building fund rate increase

proposal for regular operating and maintenance costs is a possibility, but the figure is not definite.

No estimate was given for the impact of renovation bonds on the overall school rate, but it was said to be less than the 37.2 cent rate that was levied until a year ago for bonds and interest. Each penny of tax rate provides \$1,739 in yearly revenue, based on the current assessed valuation.

No specific election date was decided upon. Further planning will take place at the Aug. 12 and 26 board meetings. It was informally indicated that two ballot questions are likely, one changing the building fund rate maximum and the other authorizing

bonds for specified remodeling projects.

The school district has made building improvements costing \$857,953 in the past year, aided by bond investment income and the \$200,000 derived from sale of McKinley School to St. Elizabeth Medical Center.

But a bond issue is needed in order to make other essential improvements to roofs, furnaces, walls, ceilings, lighting, wiring, windows, floors, bleachers, locker rooms, driveways and playgrounds, board members and administrators agreed.

Also proposed are burglar alarms and fire suppression systems.

All of the items proposed for inclusion

on the ballot have been recommended not only by the school staff but by local citizens who made detailed inspections of all instructional centers.

Board Member David Partney stressed the need for building improvements and Board Member Monroe Worthen, acting president for the meeting, emphasized providing more latitude in yearly building fund revenue to meet essential costs.

Board Member George Moore said it might be possible for voters to alter the building fund limit for next year's collection, if the board delays final levy action until December.

Worthen said it will be important to

## Propose GC Safety board

By HARRY BARNES  
of the Press-Record

An ordinance that would create a three-man Public Safety Board to serve the city government was placed on first reading by the Granite City Council during a regular meeting Tuesday night.

The first-reading motion was approved unanimously by the nine aldermen attending the session, but not until it received considerable discussion as to the duties of such a board and an explanation of its purpose by Richard Portell, Granite City's safety director.

Alderman Paul Fisk, chairman of the council's ordinance committee,

presented the bill and explained it could not be presented for final passage during the same meeting because there were not enough members present to authorize a suspension of rules necessary to placing the ordinance at first-reading stage. A minimum of ten votes is necessary to place an ordinance on final passage during the same meeting in which it is offered.

Portell, who directs the city's safety program, explaining the purpose and data on accidents that occur among city workers, told the aldermen that the idea of the board primarily was ad-

vanced by carriers of city insurance. Under terms of the ordinance, three members of the board would be appointed by the mayor and confirmed by the council. None of the members would have any connection with the city.

The board would have no disciplinary powers and would operate only in an investigative and advisory capacity, according to the ordinance.

The law, if passed, would require the board to meet twice each month on a date to be specified by the board. The board also could call special meetings.

"It shall be the duties of the members of the Public Safety Board to investigate each accident report submitted by a full or part-time city em-

ployee to their respective department head or supervisor," the ordinance states.

"Further, the board shall determine the cause of the accident and make recommendations as to how further accidents of such nature can be prevented," the bill adds.

Portell said he believes that a full investigation into each accident involving a city employee could prevent the possibility of "fake" accidents.

Portell noted that it is not impossible for a worker to blame injuries received elsewhere on a work-related problem, or for a worker to

## Raises hike GC school budget

Granite City public school officials Tuesday night tentatively budgeted \$26,022,206 for the 1980-81 year, up \$1,744,034 from the comparable appropriation, and levied \$7,346,000 in property taxes, up \$1,054,941 from the \$6,291,059 extended for 1979 (1980 collection).

The main reason for the higher costs is provision of \$15,130,800 for instruction. With teacher salary increases included, the new figure is \$1,167,142 greater than the \$13,966,779 budgeted for 1979-80 instruction, and \$1,495,801 more than the actual instructional costs of \$13,638,019 in 1979-80.

Assessed valuation of the school district is expected to rise 16 percent from the present \$187,334,170 to about \$218 million, it was asserted at Tuesday night's Community Unit School District Nine board meeting.

The Board of Education voted to publicly display the tentative budget from tomorrow through Sept. 9 at the

board office, 20th and Adams streets. Final adoption of the 1980-81 budget is planned following a public hearing at 7:30 p.m. Sept. 9.

The school district's budget a year ago excluding bonds and interest amounted to \$24,278,172, consisting of \$20,926,942 for education, \$1,017,100 for transportation, \$850,000 for the Illinois municipal retirement fund and

\$1,084,130 for operations, building and maintenance.

The new \$26,022,206 budget provides:

- Education, \$22,471,461, up \$1,544,539.
- Transportation, \$1,196,525, up \$179,425.
- Retirement fund, \$707,000, up \$57,000.
- And operations, building and

maintenance, \$1,647,200, down \$36,930.

Tentative figures reviewed Tuesday night showed that only a slight increase is likely over the current \$3,359 tax rate on each \$100 of assessed valuation. The rate utilized for this summer's tax collection consists of \$2.55 for education, 37.5 cents for building and maintenance, 12 cents for trans-

## Mini-census in progress here

By BILL WINTER  
of the Press-Record

A new census is under way in Granite City this week and next week—this time conducted by 14 municipal employees and Manpower Development workers. Public cooperation is being urged. Each of those helping out in the "mini-census" wears a City of Granite City identification card.

"Every taxpayer stands to benefit if the city gets credit for all persons who actually reside here, rather than merely a partial count," a municipal spokesman says. He cites revenue sharing, grants, motor fuel tax disbursements and other funds that hinge on the population count.

The only items being determined in the city-run census are the number of

household units and the number of persons within each unit. And even this limited information will remain entirely confidential.

No traditional census questions, such as income or the number of rooms in a residence, are being asked by the city staff.

The goal of the early August review in Granite City is to show specific blocks where preliminary census results are demonstrably inaccurate.

With such precise, verified information from the city, the U. S. Census Bureau is willing to go back and seek the right statistics in the particular enumeration district, of which there are 45 in Granite City.

An example cited at a meeting yesterday of the Complete Count Committee is an area in the vicinity of Rhodes Street where 52 percent of the household units were listed in the federal census as being vacant. City employees found the vacancy rate is 10 percent.

The preliminary 1980 census count of

## Two die in crash

A Granite City man, Alvie Joseph Holtzford, 31, and his brother-in-law, Gerald Wilbert Anderson, 34, of Rural Route 26, Brighton, Ill., were fatally injured when an auto driven by Mr. Holtzford missed a curve and hit a telephone pole at 10:30 p.m. Monday.

According to state police, the accident occurred on Illinois Route 16 at St. Mary's Road in Jersey County, near Jerseyville, Ill.

The men were pronounced dead at

the scene of the accident by Paul Schroeder, Jersey County coroner.

Mr. Holtzford and Mr. Anderson had left the Anderson home to check on the purchase of a go-cart for one of their children.

Because of the heavy rain, it is believed the driver's vision was obscured, causing the car to run off the roadway, a family member said.

Details of funeral arrangements and survivors are given on the obituary page in today's issue.

## Board rejects rezoning plea

The Madison County Zoning Board of Appeals will recommend to the County Board in its meeting Aug. 29 that requests for rezoning two parcels of land for multiple housing and commercial development in Nameoki Township be denied. It was learned by the Press-Record today.

The appeals board voted to deny the rezoning requests of Russell Lewis who had sought rezoning of lots 16 through 23 in Foreman Heights Second Addition to multiple zoning classification and rezoning of lot 24 along Morrison Road and Route 303 for business development.

The board's action was taken following an on-site hearing at the property along Morrison and Maryville roads at which approximately 30 residents of the area objected to the requested zoning changes.

Lewis proposed to build three six-family townhouses on the Morrison-Maryville Road site which Lewis had asked to be rezoned from the present R-3 one family residence zoning to R-5 multiple family zoning.

Lewis also had requested the Morrison Road Route 303 site be rezoned from its present R-3 one family residence district to a B-2 general business district.

## Big potential for strip coal miners in this county

Six billion tons of coal make up the strip mine reserves of Illinois, according to the Illinois State Geological Survey.

This coal lies in 38 counties of western, southwestern and southern Illinois. Mining is under way in 12 of the counties, the Survey, based at the University of Illinois, said last week.

Colin G. Treworgy, Survey geologist, said the reserves are 150 times greater than the present yearly

production of Illinois surface mines.

He is the senior author of a detailed report on Illinois surface-minable coal reserves and resources published by the Survey, part of the state's Institute of Natural Resources. Co-authors are Lawrence E. Bengal and Amy G. Dingwell.

The reserves include only that coal which can be economically mined. Illinois reserves are estimated at 30

percent of all strippable coal in the state.

Treworgy said mineable reserve figures change with the changes in demand and in mining technology and regulations.

Of the six billion tons of reserves in the ground, he said, 10 to 15 percent would be lost during mining and another 15 percent might be lost during cleaning — leaving about 4.5 billion tons of usable coal.

Strippable reserves have been identified in 185 blocks, each with six million or more tons of coal no deeper than 150 feet below the surface.

The report says the largest currently available strip mine reserves are in Fulton, Knox, Peoria, Perry and St. Clair Counties. Large reserves also are found in Madison, Randolph and Stark counties.

Strip mines are active in all these counties except Madison and Stark.

Mines also are active in Gallatin, Jackson, Jefferson, Saline, Vermilion and Williamson counties.

Strippable reserves also occur in Adams, Bureau, Cass, Crawford, Cumberland, Edgar, Greene,

Grundy, Hancock, Henry, Jersey, LaSalle, Livingston, Macoupin, McDonough, Menard, Morgan, Pike, Sangamon, Schuyler, Scott, Shelby, Wabash and Warren counties.

### TRAINING IN TEXAS

FOR AUSA WELTY

Airman Susan L. Welty, daughter of Mr. and Mrs. Jesse L. Welty of 2240 Lincoln Ave., Granite City, has been assigned to Sheppard Air Force Base, Texas, after completing Air Force basic training of six weeks at Lackland Air Force Base, Texas.

The airman will now receive specialized instruction in the missile-electronics maintenance field.

### GARAGE BURGLARY

A sander, buffer, socket wrenches, hand drill, air impact wrench and a motor analyzer were taken from a garage at the home of Edward Sibthorp, 2153 Lynch Ave., he reported last week. A padlock was broken on a tool chest to remove some of the items.

## Mark Twietmeyer ordained

According to the Lutheran Rite of Ordination and Installation Mark G. Twietmeyer, a 1970 Granite City High School graduate, became a member of the pastorate of the 2100 member Edison Park Lutheran Church of Chicago.

During the 3 o'clock Service of Praise and Thanksgiving on July 27, the former Granite City man was ordained into the Lutheran Ministry by the Rev. Bishop Ehme Osterbur of the American Lutheran Church and installed as assistant pastor of Edison Park Lutheran Church by the church's senior pastor, the Rev. Thomas Householder.

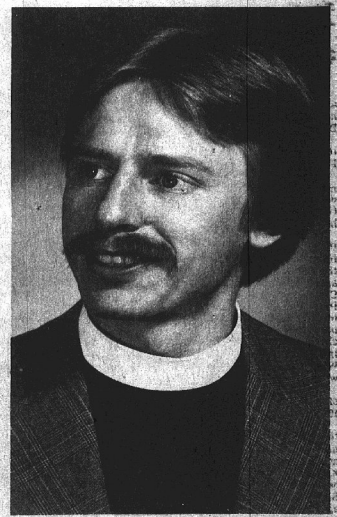

Pastor Mark Twietmeyer grew up here in Concordia Lutheran Church and was a member of the Granite City High School track team. He is the son of Pastor and Mrs. Arvin Twietmeyer. His father preached the ordination sermon, "Gold in Clay Pots," and during the Rite of Installation presented his son with a pectoral medalion commemorating the 450th anniversary of the presentation of Lutheran Augsburg Confession to Emperor Charles V in Augsburg, Germany.

The young Pastor Twietmeyer attended Concordia College in Ann Arbor, received his Bachelor of Arts degree in 1974 from Concordia Senior College, Fort Wayne, his Masters of Divinity degree in 1978 from Christ Seminary - Semline, St. Louis, and received Certification into the Ministry of the American Lutheran Church this spring from Wartburg Theological Seminary, Dubuque, Iowa.

Mark served his seminary internship at Redeemer Lutheran Church, Hinsdale, Ill., where he married Lynn Stengel of Hinsdale, in August of 1977.

For the last two years the pastor had been serving Edison Park Lutheran Church as Director of Youth, being installed in June of 1978. He currently is serving on the Great Lakes Regional Board of Directors for Lutheran Youth Encounter, and is the North Chicago Conference Pastoral Advisor for the Conference Lutheran League.

### Advisory group nominates four

The Madison-Venice Advisory Committee on Mental Health and Other Social Concerns met at the Venice City Council Chambers and after discussion decided the committee would take on a more informal structure.

A nominating committee was formed and the following four members were selected as candidates: James Harrel, Mary Frances Franklin, John Henry Williams and Victor Valentine.

At the next meeting, two of these candidates will be elected to serve as chairman and co-chairman.

James Harrel presented a suggestion that could be utilized by the committee for project planning purposes. The committee discussed the Community Awareness Fair and felt that more planning should go into the project.

An alternative project discussed was to have an "Quit Smoking Clinic," which is prepared by the American Cancer Society. It would be a five-day clinic. An update of advisory Committee membership will be given at the next meeting, which is scheduled Aug. 11, at 5:30 p.m. at the Venice City Council Chambers.

## 2 Carters' finances are intertwined

Wall Street Journal analysis — The President is not only Billy's brother, he is Billy's business partner.

Even more to the point, through the partnership the President is Billy's creditor. To the extent Billy can get money to pay his various debts, the President has a financial stake in his brother's prosperity.

The record as traced in the President's tax returns and financial disclosures reveals the following: The principal assets of the trust run by Charles Kirby for the President are his 91 percent interest in Carter Farms, a partnership with his children; and his 62 percent interest in Carter Warehouse, a partnership with his mother and Billy. The trust sustained losses of \$688,271 in 1977, \$46,785 in 1978 and \$80,722 in 1979.

The big 1977 losses were the results of Billy's misfortunes running the warehouse, and when Mr. Kirby moved in to clean up he took a \$148,808 note from Billy to cover earlier draws against the partnership.

By the end of 1978, Carter Farms, in which Billy had a 50 percent interest, held a note from Billy valued at more than \$250,000 and secured by property in Sumpter County, Georgia.

In March 1979 the President's trustee in effect foreclosed, buying 127 acres of land from Billy and assuming his debts to Carter Farms.

As it happens, March 1979 was also the month when Billy entered the Naval treatment center for alcoholism, and also the month he started his negotiations with Charter Oil Company.

Ultimately he reached an agreement to receive brokerage commissions on certain shipments of oil from Libya, so far uncompleted.

Turning over the property wiped out Billy's debts to Carter Farms, but not necessarily his liabilities to Carter Warehouse.

Mr. Kirby has since said, and presidential spokesman Jody Powell confirmed last week, that Billy still owes \$50,000 to \$100,000 as his share of the partnership losses.

Mr. Powell took pains to add that since these debts have not been paid, the President has not received any of the Libyan money.

But of course, if Billy used the money to retire the debts, the prospect of redeeming the President's claims is improved. And the Libyan payments to Billy were only \$220,000 of a promised \$500,000.

So the President stood to gain from Billy's Libyan deals. And one can plausibly argue that the White House was instrumental in cementing the deal.

Clearly the Libyans would take Billy more seriously after the administration used him as a diplomatic intermediary in trying to get Iranian hostages.

Billy said, this was a peculiar mission, since Iran's Ayatollah Khomeini and Libyan leader Khadafi have been deep enemies since the disappearance of the Shiite Imam of Lebanon during a visit to Libya.

Billy's diplomatic role was suggested by Rosalynn Carter, who also signs the President's tax returns.

And while Billy had been cozying with the Libyans since 1978, the first payment on the \$500,000 "loan" did not come until a few weeks after the White House-Billy-Libyan contact.

You can, in short, paint something fairly ugly here if you put the worst face on it—if you go at it in the way investigators and the press went at Mr. Nixon's financial interest in improvements ordered for San Clemente in conjunction with Secret Service security arrangements.

We don't believe it should be gone about that way. Now that a Senate investigation is under way, this record will have to be laid out and probed. But for our part, we don't expect much will be found.

In the month after the hostage seizures, it seems to us, the President and Rosalynn had a lot more on their minds than a \$50,000 debt from Billy.

A final and less charitable thought, since we are less interested in scandal than in policy implications:

Imagine that Billy had been getting cozy not with the Libyans but with the Chileans or South Africans, or the Taiwanese or the Saudis of Iran. Does anyone seriously believe that the President would have been standing back and saying his brother was too stubborn to deal with?

Does anyone imagine that someone in the White House would encourage this relationship by using the President's brother as an intermediary?

Yet Libya sponsors international terrorism, plots coups against Saudi, kills its nationals who remain abroad, uses American-supplied C-130s to fly artillery support to Idi Amin, and burns the U.S. embassy.

The worst of the Billy Carter episode is not the financial scandal, but the ongoing confirmation of this administration's inability to tell our friends from our foes abroad.

It seems to us, for that matter, that strictly on a moral plane this dwarfs financial peccadilloes.

The Billy Carter case is rich in embarrassment—not only for the President but for the high priests of the post-Watergate movement.

We can hope that in the end it will help restore our national sense of what's important in the world.

### New childbirth classes to start

Registration for the fifth series of prepared childbirth classes is open to expectant mothers in the local area.

Expectant mothers whose due date is no later than the middle of October may register by phoning St. Elizabeth Medical Center at 789-3039. There is no charge for the class.

The Lamaze technique of natural childbirth, emphasizing breathing routines, will be taught in the class.

Fathers are being encouraged to join their wives in the learning process. Facilities at SEMC, where the class will be taught, allow the fathers to assist in the birth after completing the course. And fathers are now permitted to be in the delivery room at SEMC at the moment of birth.

Classes will be held on six consecutive Tuesdays beginning Sept. 9, from 6:30 to 8 p.m. in the ground floor meeting room of the Kettler Building.

Billy's diplomatic role was suggested by Rosalynn Carter, who also signs the President's tax returns.

And while Billy had been cozying with the Libyans since 1978, the first payment on the \$500,000 "loan" did not come until a few weeks after the White House-Billy-Libyan contact.

## Bible School opens at Grace Baptist Sunday morning

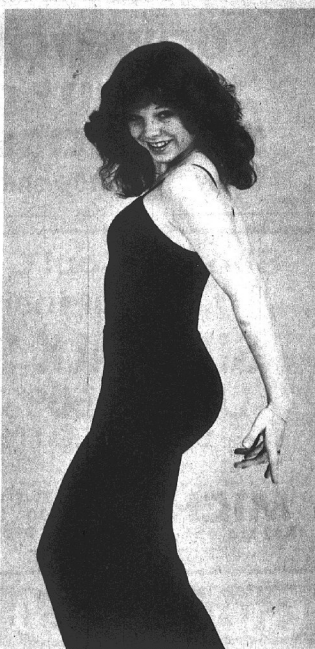

Vacation Bible School will begin Sunday morning at 9:30 at Grace Baptist Church, 2600 Edwards St., according to Rev. Morris Anderson, pastor.

The second session will be held from 6 to 8:30 Sunday evening and sessions will continue Monday through Friday evenings from 6:30 to 9. No session will be held on Saturday, Aug. 16.

Following the last session on Sunday morning, Aug. 17, a VBS carnival will be held on the Webster School playground. Children may earn free tickets for the carnival during the week by their attendance, by bringing a friend, and by memorizing a verse of scripture.

There will be several events during the week which will be of interest to the children. Glenn Masters, who is the Mid-Western Black Belt champion, will be bringing the gospel message to every age group during the Friday evening session through demonstrations of his karate abilities. The puppets, who are featured in the "Gospel Barnyard" each Sunday morning, will also be in evidence during the sessions at various times. Buses will be running for those who might need transportation throughout the week. Those needing a ride may call the church office at 877-6672 or may contact Phillip Weaver, bus director, at 877-7935, and transportation will be arranged, the minister added.

## Muscular Dystrophy benefit on Friday

The talent will be varied and professional Friday evening beginning at 7 p.m. in Polish Hall, 828 Greenwood St., Madison.

The event, which is designed to please everyone, is to benefit the Muscular Dystrophy Association.

Deloris Hay is the chairman of the show. Admission for adults will be \$1, children under 12 will be 75 cents and those under 5 will be admitted free with an adult.

The Back Alley Band will perform, featuring Russ Bono.

Jeanna Schweppe, noted jazz singer will dance and sing and Joe Wallace will sing country.

The Gary Thomason band "Departure," featuring Cheryl on vocal, will add to the musical entertainment and Mrs. Hay remarked everyone will like Hank with

Mike Coleman, a ventriloquist. The Bibb family will be a fiddlin' and a singin' gospel music."

Karen Myracle will entertain with the music of the 1950s.

"I feel we have a show that entire family will enjoy, regardless of age. We hope to fill the hall and not only have an evening of top flight entertainment, but all of us will help a good cause in the fight against muscular dystrophy," Mrs. Hay said.

## 2 GC men charged with involuntary manslaughter, armed violence in death

Two Granite City men were charged this week with armed violence and involuntary manslaughter in an action authorized by the staff of the Madison County state's attorney.

The case is related to the fatal shooting last Friday night of Rusty Bradley, 38, of 3205 Davis Ave., a welder and Air Force veteran. The

father of three children, he was a lifelong Granite City resident.

Those against whom charges were filed are Thomas Jay Scott, 25, of 4210 Kirkpatrick Homes, and Gregory F. Davis, 24, of 302 Wilson Park Lane, authorities said.

The charges of armed violence and involuntary manslaughter were filed Monday.

The two suspects in the fatal shooting were taken before a judge at 4:50 p.m. Monday, and a preliminary hearing is to be scheduled for a later date. Bonds were set at \$15,000 cash.

A mittimus was issued and the two men were transferred to the Madison County jail early Tuesday.

Mr. Bradley is believed to have been shot in the head with a pistol while he was driving his pickup truck and fleeing from a pursuing auto on West Pontoon Road near Missouri Avenue.

Davis and Scott are alleged to have been in the vicinity of an auto that had become stalled in a ditch. The car was near the area where the truck ran into construction equipment parked in a field adjacent to the C. D. Peters contracting office.

### Arrested on battery warrant

In response to a warrant issued for his arrest, David R. Farley, 30, of 2715 Denver St., reported at the Granite City police station at 10:30 a.m. Tuesday.

The warrant, which alleged battery, resulted from an incident at 4:10 p.m. Friday, Aug. 1, when Farley is alleged to have struck Elmer R. Goode, a resident of Pontoon Beach, in the 2700 block of Denver.

At that time, Goode, who is employed by a local real estate firm, told police he was asked to come to a house in the 2700 block of Denver to sell it for sale.

At the address he was given, no one answered the door and he was getting into his car when confronted by Farley.

Goode alleged Farley walked up to him, said "This is for..." naming the man for whom Goode works, and struck Goode in the mouth with his fist and knocked off his glasses with a measuring stick.

A complaint was signed following the incident and a warrant was issued. A judge set bond at \$2,000.

Farley was released on payment of a \$200 cash bond a short time after his arrest Tuesday.

### Man charged with assault

Louis J. Rogell, 54, of 2724 Burton Ave., was charged with assault and disorderly conduct at 3:20 p.m. Tuesday, following his arrest at home.

Two neighbors advised officers that Rogell had been threatening them with bodily harm and creating a disturbance.

Mrs. Doris Rogell alleged her husband had threatened her life, if she had him arrested, and had thrown a push-type lawnmower at her.

Police entered the home to talk to Rogell and noticed drawers had been emptied on the floor and several items appeared to have been destroyed.

Rogell allegedly was belligerent to the officers and made threats while enroute to police headquarters.

She graduated from Granite City High School and worked at the Granite City Dental Laboratory for 8 years.

While residing in this area, Mrs. Evers was a member of Niederrhous United Methodist Church.

Survivors include her husband, Edward Evers, a former employee of the Globe Democrat in St. Louis; two sons, Mark Evers, Houston, Texas, and Alan Evers, New Orleans; her parents, Mr. and Mrs. Clifford (Emma) Givernod, Granite City; and two granddaughters.

A brother, Clifford "Bud" Givernod, died in July 1973.

Funeral services were held at 1 p.m. Wednesday, Aug. 6, at a Methodist Church in New Orleans from the Lakeland Funeral Home, with burial in a New Orleans cemetery. The family requests memorials be made to the American Cancer Society.

## Lily Mae Friedman

Mrs. Lily Mae Friedman, 75, of St. Louis, formerly of Madison, died at 7 p.m. Tuesday, Aug. 5, in St. Louis. She had been ill for the past eight months.

She preceded in death in December 1977 by her husband, Joseph Friedman, chairman of the board and chief executive officer of the Chromalloy American Corporation, a worldwide business firm.

While raising her family in Madison, Mrs. Friedman was active in civic affairs, Cub Scouts and Girl Scouts, in addition to school activities with her children.

Mrs. Friedman is survived by one son, Dr. William Friedman, of St. Louis; two daughters, Mrs. Carol Goldfarb and Mrs. Stephanie Lipnick, both of St. Louis; two brothers, Dr. Sidney Brody and Gerald Brody, both of Iowa; one sister, Mrs. Bertha Schneider of St. Louis; six grandchildren and one great-grandchild.

Graveside services were held at noon today at B'Nai Amos Cemetery, St. Louis.

## Alvie Holtsford

Alvie Joseph Holtsford, 31, of 2139 E. 24th St., died at 10:30 p.m. Monday, Aug. 4, near Jerseyville, Ill.

He was born in Hayti, Mo., and had resided in Granite City almost all his lifetime.

Mr. Holtsford worked as an auto body repairman. He was a member of the VFW Post 1360.

Survivors include his wife, Mrs. Linda (Adams) Holtsford; three children, Theresa Ann Holtsford, 6-years old, Lisa Adams, 13, and Christi Kay Adams, 12, all at home; his mother, Mrs. Anna Holtsford, Madison; one brother, Allen C. Holtsford, Madison; three sisters, Mrs. Annette Steward, and Mrs. Carl (Jean) Catlett, both of Madison; and Mrs. Gerald (Alta Sue) Anderson of Brighton.

## Burglary solved before reported

A quantity of prescription medicine and other items, taken in the burglary of a house in the 2600 block of Madison Avenue, were recovered at 3:30 a.m. Wednesday before police knew the dwelling had been entered.

A 16-year-old Granite City youth, presently on probation, was being held Wednesday pending action by the juvenile officer.

Police said a woman called and reported her son had broken into the house.

She told police she was awakened by noises, turned on the basement light and saw her son come from behind the furnace.

The mother said she found the boy's shirt tied around a box at the rear of the furnace.

Inside the box were five bottles of prescription medicine, including Valium, a silver cigarette lighter, a calculator in a brown case, assorted coins, nylon hose, a plastic lighter and six pairs of ladies underwear.

Officers went to the house where the burglary had occurred and found a basement window broken. Nothing inside appeared to have been disturbed.

Police said the owners were out-of-town, a fact which was known to the youth, according to his mother.

## Motorist hurt

A collision between a tractor-trailer truck and an auto at 4:35 p.m. Tuesday on Edwardsville Road at 20th Street, resulted in an injury to David R. Middleton, 390 Lake Drive, operator of the car.

The truck driver, Jimmy L. Clark of Grafton, who was southbound on Edwardsville Road, made a left turn into the Granite City Steel lot at 20th Street and Middleton's northbound vehicle skidded sideways when he applied the brakes and struck the truck, the report states.

## Smoke damages Wilson School

Ceiling tile caught fire on the ground floor level at Wilson School at 10:15 a.m. Tuesday, with the blaze damaging an area about four-by-six feet.

Origin of the fire is undetermined at the present time. Loss to the building was estimated at \$1,000.

Smoke filled one wing of the school, but was primarily confined to a hallway and six classrooms, a department spokesman said.

## FREIGHT CAR FIRE

Spontaneous ignition was blamed for a fire in a box car filled with processed feed grain, owned by Collins Salvage of Jerseyville, Ill., which ignited at 6 p.m. Wednesday at the 20th Street railroad crossing. Granite City fire fighters extinguished the blaze, remaining at the scene 40 minutes.

CBERS BARBECUE: The Potty Mouth CB Club will sponsor its last barbecue of the season, starting at 11 a.m. Sunday, Aug. 10, at Smokey Joe's, Pontoon Road and Highway 111. The public is invited and part of the proceeds will be donated to Shriner's Hospital for Crippled Children, a spokesman said.

## Electric rate hike is sought

Illinois Power Company on Tuesday informed the U.S. Securities and Exchange Commission of plans to file for an electric rate increase.

Plans to file the rate request with the Illinois Commerce Commission were included in information provided to the SEC in connection with a proposed sale next week by the company of \$125 million of 30-year first mortgage bonds.

The planned rate request would raise electric rates

about 23 percent and provide an additional \$115 million in annual revenue.

If the new electric rates are granted in full, Illinois Power customers would still pay rates that compare favorably to those paid by customers of other Illinois electric utilities, an IP spokesman said.

No increase in natural gas rates is being sought. Other details will be available when the electricity rate case is filed, he added.

## Trailriders annual money show winners

More than 310 entries were listed in the Trailriders Saddle Club's annual money show held last week at the club arena on Chouteau Slough Road at Rock Road, near the Chain of Rocks Canal levee.

This Saturday, Aug. 9, a fun show is scheduled at the local arena, starting at 6:30 p.m.

The public is invited to view all riding events sponsored by the Trailriders. Winning two events in the money show were Ann Rawson riding Baldy in the senior barrel and senior pole races and Dale Ligon on In My Eye in the junior barrels and junior poles.

Individual event winners who claimed top purses, with the rider, event and mount listed in sequence, were:

Karen Schirmer, haltering (geldings), Drifty Dodger;

Alex Ferraris, haltering (stallions), Impressive Bracket; R. Bruce Childress, haltering (mares), Skip-A-Gay Widow. Bon James Sr., gaited country pleasure, Rex; Debbie Gregerson, junior western pleasure, Show Down Bonnet; Lynn Scaturro, Rex, ladies gaited country pleasure.

Diane Gregerson, open western pleasure, Show Down Bonnet; George Lindley, fox trotting, Playgirl; Margie Ganninger, Show Down Bonnet, ladies western pleasure.

Bob Heinz, men's western pleasure, Power Pak by Jobe; Jerry Chilton, open flag, Coffee Bar Cat; Pat Schuerg, open English pleasure, Skips Jaguer; and Bruce Gilliland, open plug race, Roho.

## Production hits new record at GC Steel

A new blast furnace production record has been set at the Granite City Steel Division of National Steel Corporation.

The company announced that its "B" blast furnace cast a total of 79,492 tons during the month of July, topping the old record of 78,324 tons produced in May 1978.

Not only was the tonnage the greatest ever for "B" furnace, but it was also the highest tonnage for any blast

furnace in GCS history, a spokesman said.

The same furnace also set a daily average record a month earlier, as the June average of 2,571 tons a day was 13 tons a day over the old record.

Commenting on the achievements, GCS president James Stack said, "In times like these, when operations are at their lowest point in a long time, it's especially gratifying to hear of new production records being set. Everyone involved should be congratulated."

## Hydroelectric power urged for new dam

The East-West Gateway Coordinating Council board last week unanimously passed a resolution strongly urging the U.S. Army Corps of Engineers to give high priority to the creation of a hydroelectric power generating system to provide a natural source of power as part of the new Lock and Dam 26 now under construction on the Mississippi River between here and Alton.

The resolution was submitted by Victor P. Canty, chairman of the Gateway Council's board of directors and St. Clair County board chairman.

The Gateway board endorsed a 1979-80 Community Development Block Grant application amendment for the City of St. Louis. The city proposes to acquire 43.5 acres of northern riverfront area at Hall and Doddridge streets for industrial development. The grants are funded through the Department of Housing and Urban Development.

The board also selected priority projects for use of Federal Aid Urban (FAU) funds in the St. Louis urbanized area. The Missouri Highway and Transportation Department requested the board action because of a temporary limit on expenditure of all federal aid highway funds. The department has indicated that normal funding operations will resume on Oct. 1.

Gateway authorized Executive Director Matthew D. Melucci to enter into a contract with the Southwestern Illinois Metropolitan and Regional Planning Commission to perform several transportation planning studies.

## Law degree to Marine Major Mike McCarty

Marine Corps Major Michael R. McCarty, son of Mrs. John (Ruth) McCarty, 1907 Johnson Road, Granite City, has graduated with high honors from Illinois Institute of Technology, Chicago-Kent College of Law, with degree of juris doctor.

He took the Illinois bar examination on July 29 and 30.

Major McCarty will next report to the Naval Justice School, Newport, R.I., for a two-month military law (lawyer) course and then to the Marine Corps Development and Education Command, Quantico, Va., for duty.

A Marine officer for 12 years, he is married and has two sons.

## Thrown bottle starts incident

A 16-year-old Granite City youth told police at 11:40 p.m. Tuesday that one of four occupants of a small gold-colored auto threw a bottle from the vehicle which struck his car while he was driving in the 1700 block of Garfield Avenue with another youth.

When the 16-year-old got out of his car to protest, three men alighted from the other vehicle. One man hit the youth in the face and kicked the right rear of his auto, denting it and knocking off a chrome strip. The man was described as six feet tall with light brown curly hair and wearing a short sleeve dress shirt.

**AUTO SAFETY CHECK** is performed by members of the Illinois National Guard at 7th Street and Madison Avenue during the weekend. The vehicle safety check and blood pressure testing, both free of charge, were coordinated by the Madison Lions Club. The organizational maintenance shop of Headquarters Company, Third Battalion, 130th Infantry,

provided the manpower and equipment for the safety check which included electrical systems, brakes, power steering, tire air pressure, battery and fluid levels. The vehicle owners were given a checklist of items found faulty that were in need of repair.

## Neighbors get into argument

Bruce Oliver, 4901 Kirkpatrick Homes, told police at 12:35 a.m. Wednesday that a neighbor woman had struck him several times in the chest and also hit a 14-year-old boy in the jaw.

Oliver said the incident occurred after he went to the woman's home to complain about an action of her son.

Police talked to the woman who said she hit the man after he grabbed her by the arm. Oliver was advised to see the city attorney if he wanted to sign a complaint.

## Silver, jewelry taken from home

An unknown amount of jewelry, silver and pennies in a glass jar were taken in a burglary at the home of James Hawk, 2728 Saratoga Ave., reported at 11:05 a.m. Tuesday.

Also stolen were two stereo speakers and a bank filled with coins.

Additional items also may be missing and an inventory is being compiled by the owners.

# WHAT REALLY TRIGGERED THE STRIKE AT A. O. SMITH GRANITE CITY PLANT

## UNITED AUTO WORKERS LOCAL 1715 REPORT

Maybe you as a member have forgotten what A. O. Smith wanted to take away from you on the first extension agreement. The facts: the company wanted to take away the Full Cost-of-Living Allowance including the \$1.49 plus .05 floater that we gained in the 1977 contract. Plus the 22¢ that was due March 3, 1980 and the 26¢ due on June 2, 1980. This TAKEAWAY would continue for the rest of the 3 year contract.

### The Cost-of-Living Allowance takeaway:

\$1.49 gained since the 1977 contract.  
plus .05 floater from the 1977 contract.  
plus .22 that was due on March 3, 1980.  
plus .26 that was due on June 2, 1980.

TOTAL \$2.02 per hour x 8 hrs. per day = \$16.16 per day takeaway.  
\$2.02 per hour x 40 hrs. per week = \$80.08 per week takeaway.

\$80.80 per week x 52 weeks = \$4,201.60 per year takeaway.

\$4,201.60 per year x 3 years = \$12,604.80 takeaway for 3 years.

Plus any future Cost-of-Living Allowance adjustment that you would lose during the life of the 3 year contract.

The company at this point forced your Bargaining Committee to call for a strike vote. On February 14, 1980, you the membership voted by secret ballot: 553 members voted YES to strike, 3 members voted NO. If this is wrong the committee and each member who voted to strike must also be wrong. WE the committee, say it was the right thing to do. And as a result of this strike vote the company restored the full Cost-of-Living Allowance.

Your committee has to deal with the facts, not hearsay, rumors or promises. Plant Manager Paul Kelly in his letters to the members of this union wrote only of the good things that your committee had fought for and won in these negotiations. He didn't tell you of the hidden and bad things in HIS contract proposals. Your bargaining committee has to watch all phases of the contract which will govern you and your family for the next 3 years. And some of these phases are presented here:

**PHYSICAL EXAMINATIONS.** The committee and the International Union are not against you being examined by the company doctor, to determine your health status. But we say that when you report back to work after an absence, and if you are turned down by the company doctor, that you should receive the weekly sickness and accident benefits applicable under the contract. The company says NO, that you must apply for Social Security disability benefits. Do you realize dear member that anyone of us could fail to pass the company physical examination. And to receive Social Security benefits in our opinion could take longer than six (6) months or you may not qualify under Social Security benefits. What would you do then???? REMEMBER, if the company doctor declares that you are sick or disabled and cannot work, you are not eligible to receive Unemployment Compensation.

**THE NEXT ISSUE WAS 30 & OUT REGARDLESS OF AGE.** Because no one will have 30 years seniority until 1984, your committee proposed to start funding this program in the third year of the contract, in December 1982. This was the second most important proposal submitted by the membership and verified with their signature and clock number. These proposals that you submitted and verified with your signature and clock number are on file and copies are in possession of the bargaining committee. MILWAUKEE HAS 30 & OUT.

Last but not least are personal days which the membership proposed strongly, along with other demands. The company and your bargaining committee were working towards a settlement that both could live with. With success so near why at this point did the company suddenly present the takeaways.

The company tried to strong-arm the membership with a take it or leave it deadline of July 14, 1980, on the company proposal dated June 25, 1980. These strong-arm tactics were tried by the company because a splinter group of self-appointed leaders, composed of ex-foremen, some which crossed the picket line in 1956 and a person who had meetings with the flag burner at A. O. Smith, decided to take up a petition (or so it was stated to the newspapers and on T.V.) As of this date NO PETITION KILLED THE CONTRACT AND HURT EVERY MEMBER AND FAMILY IN THE UNION. The petition carriers not only took themselves "down the sewer" by acting as a company committee, but took the good union members "down the sewer" with them. These same petition carriers are now saying: "WE MADE A MISTAKE." But it is too late, the damage is done. This is like locking the barn door after the horse was stolen.

So now we must re-unite every member in this union and stand tall and strong. We cannot show weakness at this point. Where this will end no one knows at this time. Your committee stands ready to meet anytime and anywhere with the company, in order to settle this strike. **WE DO NOT WANT THIS PLANT TO CLOSE AND WE WANT A CONTRACT THAT BOTH SIDES CAN LIVE WITH.**

Your committee met with A. O. Smith on Friday, July 25, 1980 in St. Louis, Missouri, from 7:00 P.M. to 11:00 P.M. We discussed pensions, insurance, 30 & Out and a 3 year contract. We asked to negotiate on this contract but the company presented the same one year "takeaway" contract that they originally presented on July 18, 1980. You can thank the leaders of the petition drive for these "takeaways." The committee turned down the one year proposal. The Electrician and the Machinists union also rejected the company one year proposal. Where do we go from here? We will stand ready and willing to meet whenever the Federal Mediator calls a meeting.

### Dear Citizen:

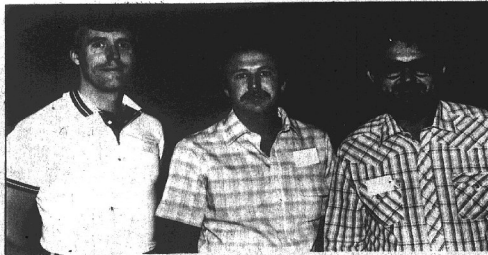

As you read this, how would you feel if this happened to you?  
You be the judge.

establish an expanded preventive maintenance program to avoid future building problems growing to major proportions.

A report to the board by Supt. Davis related that "this district has been studying the feasibility of remodeling and renovating various school buildings. This has been studied by the administration and the Citizens Advisory Council (CAC)."

"Both have recommended that the Board of Education proceed in obtaining funds to accomplish the needed work."

"The board in the meantime has undertaken several large capital expenditure projects in attempting to reduce the amount of money needed for the recommended repairs."

"Because of your efforts, the taxpayers in this district will be saved the money that would have otherwise gone to pay interest on the additional money that would have been required through borrowing."

"Following are items completed or bid awarded for construction since this time last year. The monies to pay for these capital improvements have come from interest earned on investments in the bond and interest fund (\$815,000), current revenues, and the sale of McKinley School (\$200,000):

1. "Roofing, \$290,838 at Prather, Lake, Frohardt, Emerson, Wilson, Niedringhaus and Nameoki.
2. "Boilers, \$438,528 at Emerson, Logan, Marshall, Webster, Frohardt, Mitchell, Nameoki and Niedringhaus.
3. "Automotive shop, \$13,240.
4. "Asphalt, seal and chip work, \$64,202 at Mitchell, South, Maryville, Wilson, Frather, Coolidge, Niedringhaus, Frohardt, Lake, Marshall, Logan, Nameoki and the Board of Education.
5. "Steamline, \$60,888 at South and Coolidge.

"Total capital improvements have been \$897,953," the superintendent noted.

"Had the district borrowed this money, the interest estimated at 7 percent would have amounted to \$60,054. This is a substantial saving to the taxpayers."

"Had the Board of Education not followed the course of prudent expenditures in these matters, this money could well have been used in small, although undoubtedly necessary, expenditures that would have required this money to be sought in a bond issue."

"We have, however, reached the point where additional major and needed capital improvements cannot be made without raising funds not available to the school district from its normal building fund and life safety fund."

"In our preliminary budget

preparations, we are estimating that the building fund will do little more next year than support fixed operating expenses—utilities, insurance, supplies and salaries."

"Monies to do needed minimal remodeling and purchase of additional or replacement equipment will require the district to borrow approximately \$350,000 in the building fund. This is the case even though the building fund budget has been cut under what was budgeted or spent in 1979-80."

"To continue to maintain and improve our physical plants, we must ask the voters to approve a bond issue."

"The following is a combined listing submitted to the Board of Education by the CAC and the administration at varying times. Those items that have been completed or awarded for construction are noted by parentheses. Certain physical plants have been deleted due to the nature of the work and our ability to handle them in normal operations."

misrepresent facts involved in an accident.

He also told the aldermen that he had discussed the proposal with department heads and "they are in favor of it. It would help them in keeping their records straight and provide additional data," Portell said.

Members of the safety board would serve without pay, the bill stipulates.

Council members Tuesday night also approved a resolution authorizing the transfer of \$22,756 from the sewage treatment plant secondary fund to the general fund income tax account as partial repayment of \$91,495 the sewage

account had borrowed for payroll and claim payments.

A resolution to transfer the funds noted other repayments will be made as funds become available in the sewage treatment fund.

In other actions, the council placed on first reading ordinances creating two yield intersections and establishing a no-parking zone.

Those bills establish a yield zone at the intersection of Parkway Lane and Westmoreland Drive in which southbound traffic on Parkway Lane is required to yield to east-west traffic on Westmoreland.

### Robbery

(Continued from Page 1)

St., was robbed Tuesday, July 22, by three armed men who were captured on Route 3, near Venice, and a 15-year-old Granite City youth was arrested after a clerk at the Daddy Madison store, 1509 Madison Ave., was held up by a shotgun-wielding robber on Monday, July 28.

In Monday's robbery, two men came into Marie's Market with one man walking to the front counter, where Kenneth Hovey was at the cash register, and the second coming behind the counter and standing next to Hovey. Hovey reported asking the pair if he was being robbed and the first man answered "Yes," leaned on an ice cream box at the counter, and displayed a chrome-plated revolver.

Hovey said he asked if "this was for real," and the second man told him to

"get out of the way and don't move." Both men were described in their late teens and appeared "sweaty" with dirty hands.

The man who held the weapon was about five feet 11 inches tall, medium build, weighing about 155 pounds, and had blond hair reaching below the ears. He wore blue jeans, was without a shirt and sported a tan.

The second man, who removed all currency, amounting to between \$100 and \$150, and food stamps from the cash register, was about six feet tall and weighed approximately 150 pounds. His brown hair reached to the collar and he wore a blue short-sleeved T-shirt, which was dirty, and blue jeans.

When the two left the store, one ran west toward Route 3 and the second ran north on Leyden Avenue, Hovey said.

Immediately the robbers fled, a

### Services held for Mrs. Longenecker

Funeral services were held at 12 noon today, Aug. 7, at the Oakley Brick Church, Cerro Gordo, Ill., for Mrs. Rosetta (Atchison) Longenecker, 90, a resident of Colonnades Nursing Home.

She died at the nursing home at 7:25 p.m. Sunday, Aug. 3.

Mrs. Longenecker is survived by a niece, Mrs. Lois Marcella Bradford of Bedford, Texas. Burial was in Cerro Gordo Cemetery. Local arrangements were by Bob Thomas Memorial Mortuary.

Parkview, Webster and Wilson. Playgrounds and drives: Johnson, Logan, Maryville, Niedringhaus, (Wilson) and North.

Fire suppression system: Mitchell, Emerson, Maryville, Logan, Webster, North, Niedringhaus, Lake, Grigsby, Marshall, Wilson, Nameoki, Frohardt and Parkway.

"To complete the recommendations presented to the Board of Education, it appears the board has two avenues of financing the projects."

"The board could, by resolution, subject to a referendum, raise the issue bonds and levy a tax to repay these bonds."

"The second method is to place the issue on the ballot for approval, as we have historically done in the past," Supt. Davis said.

"It is the estimate of the administration, based on previous architectural estimates and cost estimates by our staff, that we will need to seek \$2,900,000 to complete the recommended work:

Roofs, \$650,000.

Tuckpointing, \$90,000.

Floors, \$75,000.

Ceiling and lights, \$120,000.

Bleachers, \$100,000.

Alarms, \$55,000.

Fire suppression, \$47,000.

Restrooms and locker rooms, \$195,000.

Remodeling, \$650,000.

Windows, \$80,000.

Electrical, \$30,000.

Heating and cooling, \$330,000.

Wall work, \$40,000.

Playground and drives, \$88,000.

And contingency and fees, \$350,000.

"Items not listed above that have been recommended by either the administration or the CAC are those things that we feel can be managed through our normal building fund revenues."

"I fully realize there could be a better time to consider a bond issue. We are in a recession and A. O. Smith has just announced they are closing the local plant."

"However, the recession will not last forever and indicators show that the recession may have bottomed out. If we do not make repairs and update the maintenance of our buildings, they are going to continue to deteriorate, and costs to do the repairs will increase."

"This district has been able to reduce the taxes in this community by 42 (cents per \$100 valuation) due mainly to the payoff of the 1969 bond issue."

"During this 11-year period, we have not asked for a tax increase. The tax rate it would be required should a bond issue be approved would be less than the previous bonding tax rate."

The other yield intersection is established at Keith Drive and Mockingbird Lane, where westbound traffic on Keith Drive is to yield to north-south traffic on Mockingbird Lane.

The ordinances set penalties of \$10 to \$100 for each violation.

The proposed no-parking zone is on the north side of 26th Street from the intersection with Washington Avenue for 125 feet to the alley between Washington and Iowa Street.

The bill provides a fine ranging from \$10 to \$25 for violation.

An investigation was continuing Tuesday.

**NEW RESCUE TRUCK** which has been purchased by Granite City with a 75 percent grant from the Illinois Department of Transportation's safety fund. The 11,000 pound, lime-green truck

## Rescue truck to get final check, go into service

By GARY SCHNEIDER  
of the Press-Record

The latest addition to the Granite City Fire Department will be going on vacation to Springfield, Ill., soon, without having worked even one day.

The new arrival is the 11,000 pound lime-green rescue truck, purchased with a 75 percent grant from the Illinois Department of Transportation's safety fund.

"It was one of the requirements of the grant that it be lime green, even though it does not match the rest of our fire equipment," Assistant Fire Chief George Smolich said.

Another requirement is that the truck be taken for a final checkup by IDOT before it is put into service.

"We badly needed this and have been working three to

four years to get a grant for a new rescue vehicle. Our old one was outdated and could not carry all of the equipment we have accumulated over the years," Smolich added.

The 1980 GMC heavy-duty four-wheel-drive rescue truck will carry air bags capable of lifting up to 33,000 pounds, the Hurst "Jaws of Life" tool, a new generator and all of the equipment on the present rescue truck.

A four-frequency Mercury band radio will keep rescue workers in touch with St. Elizabeth Medical Center and with police and firemen. The price tag was \$41,828, of which IDOT will reimburse 75 percent. The remainder will be paid from

the firemen's two percent fund, a rebate from fire insurance policies in the city.

It will be staffed by five firemen who have been certified by the state as emergency rescue technicians (ERT), some of whom also have their emergency medical technician (EMT) certification. Most EMTs and paramedics, however, will work in the fire department's ambulance service.

Smolich summarized, "This is a very welcome addition to our apparatus. We have accumulated quite a bit of equipment in the last several years and our present rescue vehicle just couldn't hold it all."

## Districts cooperating in teaching special students

Twenty students from other school districts will be in special education classes in Granite City for the 1980-81 school year.

Trainable mentally handicapped, Coolidge Junior High School, one student from Venice and one from Madison.

TMH at Wilson School, One from Venice.

Behavioral disorders, intermediate, Parkway School, one from Madison.

Multiply handicapped at GCIS North, six from Alton, one from Collinsville, one from Roxana, one from Edwardsville and one from Venice.

Multiply handicapped at Lake school, one each from Collinsville, Roxana, Alton, Wood River, Edwardsville and from East Alton.

Tuition will be paid by the home districts.

The Granite City Board of Education on Tuesday night approved tuition and transportation for the placement of 52 Granite City students outside of the Granite City district.

One to preschool hearing impaired, South Roxana.

One to primary hearing impaired, Central School, Roxana.

Two to primary hearing

impaired, Washington School, East Alton.

Six to intermediate hearing impaired, Lincoln School, East Alton.

One to junior high hearing impaired, Lewis and Clark Jr. High, Wood River.

Two to high school hearing impaired, Vandalla Campus, Collinsville.

Eight to primary TMH at Harris, Madison.

Four to high school TMH at Venice.

Eight to early childhood, Harris, Madison.

Four to autistic, Cottage Hills, Region III.

Six to educational therapy center, Madison County.

Private Placements — eight to Madison County

for placement in Residential Citizens and One to Campaign Children's Home.

The Granite City school board also approved employing an individual to transport two deaf children to the Vandalla campus, Collinsville, pending School Transportation's final setting of routes for the 1980-81 school year.

Should the School Transportation Company decide to schedule a bus route to Collinsville, the district may instead use the company for this service.

## Park district to sign preschoolers

The Granite City Park District will hold registration for this fall's preschool classes, starting at 9 a.m. Tuesday, Aug. 12.

A total of 35 children will be enrolled in each of three classes which meet twice weekly.

This fall, the hours of the morning classes have been changed to 9 until 11 and will be held on Monday and Wednesday or Tuesday and Thursday.

The Tuesday and Thursday afternoon class will be held from 1 until 3.

Children must be residents of the Granite City Park District and are required to be 4 years old by Oct. 1, 1980.

Registrations will be accepted on a first come, first serve basis and must be made in person.

Each parent is required to bring proof of residency in the park district, such as a current utility bill with the parent's name and address,

and the child's birth certificate.

New preschool classes will be formed in January, with registration in early December, for children reaching their 4th birthday by Feb. 1, 1981.

Further information may be obtained from the park office at 877-3059.

## Signs complaint against man, 31

Richard A. Hogue, 31, of Granite City was arrested on a complaint of battery at 1:45 p.m. Tuesday, as a result of an incident occurring about 2½ hours earlier.

Myrtle Franko, 2208 Washington Ave., alleged that Hogue chased her from her house into the main entrance of St. Elizabeth Medical Center, where he grabbed her and knocked her down several times before leaving the hospital.

## Dime school lunch increase

Higher costs prompted the Granite City School Board on Tuesday night to boost student lunch prices ten cents. The new rates will be 70 cents for elementary pupils and 80 cents for secondary (junior high and high school) students.

There will be a 15 cent increase for adults, to \$1.65.

During the 1979-80 year, 1,070,487 lunches were served—730,993 fully paid, 283,064 free lunches, 48,448 at reduced prices and 28,382 served without charge to student helpers.

The total represents a decrease of 68,896, due to a smaller enrollment; paid lunches decreased about 60,000 and free lunches 8,000, while the other two categories increased slightly.

The reimbursement rate for free and reduced price lunches is being increased by four cents per plate for the 1980-81 year, the board was informed by O. L. Overhuler, director of the school lunch program.

However, the estimated \$12,000 increase will be offset by a pending reduction in the per-plate reimbursement on all lunches; a 1.25 cent decrease would amount to \$13,000.

The anticipated milk price of eight cents per carton is also an increase from last year; the milk reimbursement from the federal government is being cut.

Increases in ala carte food items at the school cafeterias will be in the five cents to ten cents range.

## Items missing from property

Items valued at about \$300 were stolen from a rented house at 1406 (rear) State St., Alice Felton, 1406 State St., the property owner, reported at 6:30 p.m. Tuesday.

Mrs. Felton said two women who were renting the dwelling had been moving out for the past several days, but she had just discovered the items were missing.

Taken were six iron skillets valued at \$100, an electric fan, \$50, a Christmas tree and ornaments, \$20, a crockpot, \$20, a broiler-baker oven, \$50, and a slow cooker appliance, \$40.

The landlady also told police the women had not paid the rent for the past two months.

## Minnesota man heads Kiwanis International

Merald T. Enstad, Pergus Falls, Minn., was elected president of the Kiwanis International during the organization's 65th annual international convention in Anaheim, Calif.

There are two Kiwanis Clubs in Granite City. "Kiwanis International is a service organization for men desiring personal involvement in the leadership and improvement of their communities. The local clubs are part of approximately 7,800 clubs worldwide. The organization has more than 300,000 members. Kiwanis clubs

have been organized in 72 countries. Enstad is an insurance and real estate executive. He will begin his one year term of office on Oct. 1, 1980, and will succeed Mark A. Smith Jr., a businessman from Atlanta, Ga.

As president, Enstad will serve as the organization's principal spokesman. He will also head the Kiwanis International Board of Trustees, the highest level of Kiwanis leadership. Convention delegates also elected a president-elect, two vice-presidents, a treasurer and six trustees.

## Man arrested after 2nd call

Terry N. Colp, 29, of Granite City, was arrested at the home of his father, William Colp, 4401 Kirkpatrick Homes, at 5 p.m. Monday and charged with disorderly conduct.

The senior Colp alleged his son was causing trouble, yelled obscenities and pushed the older man around.

Officers had gone to the same address 10 minutes earlier and advised Colp to leave or face arrest, the report stated.

## Youth injured while jogging

Timothy O'Sha, 14, of 2017 Buxton Ave., sustained a four-foot-five-inch laceration to the left thigh Monday while he was jogging on the grass between the sidewalk and street, in the 3100 block of Willow Avenue.

The boy apparently failed to notice a piece of glass on the top of a trash can outside 3127 Willow and suffered the laceration as he jogged past.

A man who was working at the residence took the boy to St. Elizabeth Medical Center, where sutures were taken to close the wound. He was released after treatment.

## UNITED AUTO WORKERS REPORT

### INFORMATION LETTER FROM YOUR BARGAINING COMMITTEE TO ALL MEMBERS OF LOCAL 1715 UNITED AUTO WORKERS UNION

As of now every member knows that the A. O. Smith Corp., Board of Directors has voted to close the Granite City Plant. We are sure that it is going through every one of your minds: What will happen to all of the members and their families?

No. 1. Your Bargaining Committee has met with the International Union and the International Union lawyers, and asked them what has to be done now. The International Union and the legal staff have told your Bargaining Committee that every member will receive everything that is coming to them under the law and the contract, when the company sets a **DEFINITE DATE** to close the plant and during the phase-out period that follows. This will be negotiated between the U.A.W. legal staff and the A. O. Smith Corp. As soon as we hear from the U.A.W. legal staff on the plant closing and what your benefits shall be, each member will be notified by mail sent to your home. **BE SURE THAT THE UNION HAS YOUR CORRECT ADDRESS.**

No. 2. On Tuesday, July 29, 1980, the Smith Steelworkers Union Local 19806 A. O. Smith—Milwaukee Plant had a strike vote. 1478 voted YES to a strike, 413 voted NO to strike, which resulted in 78% voting to strike. As a result of this vote the company brought six proposals before the Milwaukee Bargaining Committee accepted the last A. O. Smith proposal. Presented here are the highlights of the proposed contract between the Smith Steelworkers Union Local 19806 and the A. O. Smith Corp.—Milwaukee Plant:

1. 3 year contract.
2. Wages: 1st year 25', 2nd year 24', 3rd year 24'.
3. Pensions: 1st year \$15.25, 2nd year \$15.75, 3rd year \$16.25. Total pensions, including basic pension and supplemental pension: 1st year \$850.00, 2nd year \$875.00, 3rd year \$900.00.
4. Weekly Accident and Sickness Benefits: 1st year \$175, 2nd year \$180, 3rd year \$185.
5. Life Insurance: 1st year \$15,000, 2nd year \$16,000 and 3rd year \$16,000.
6. Five (5) Personal Days.
7. Six (6) weeks vacation for 25 years of service.
8. Cost of Living Allowance (C.O.L.A.): .03 (we at the Granite City Plant have .035). The .03 Cost of Living Allowance (C.O.L.A.) figure gives the Milwaukee employees more money on their cost of living wages. The Milwaukee employees also have **30 & OUT REGARDLESS OF AGE**. This was given to them in previous contracts.

As you remember in the letter that Paul Kelly, A. O. Smith Plant Manager sent to the employees, he stated that the \$4.68 package was the highest offer that A. O. Smith Corp. has placed on the Bargaining Table. But that is no longer true. They gave the Milwaukee employees a \$5.54 package without striking. This is more than the members working at the Granite City Plant asked for in our proposal. If you take the \$5.54 offered the Milwaukee employees and subtract the \$4.68 proposal of the Granite City employees, this will leave 86¢ more that the Milwaukee employees were offered without striking or suffering. They will receive 86¢ more on their package, we now feel that we are 3rd class citizens in Granite City.

Jim Wright, the UAW Regional Director told your committee to stick to our demands. He agrees with A. O. Smith spokesman Jack Birchill that the strike for a contract has nothing to do with the closing of this plant. Jim Wright has been involved in several plant closings and he stated that a plant will be closed by management **CONTRACT OR NO CONTRACT.**

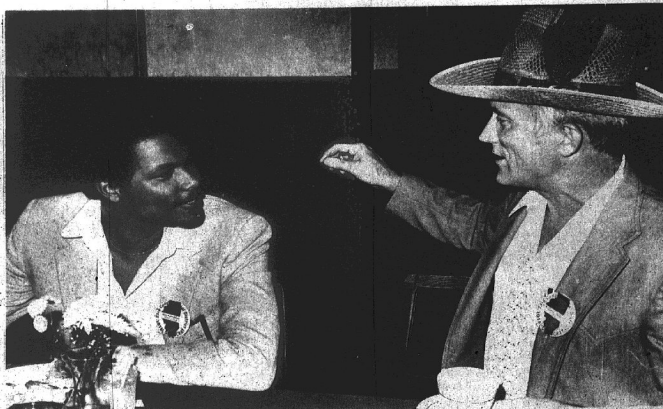

Regardless of what happens, the members of this local union and your committee can still walk with their heads held high in this bitter struggle against A. O. Smith Corp. If Milwaukee employees are entitled to all of these good benefits why shouldn't we in Granite City receive some of these good benefits. We are willing to meet at the bargaining table day or night to negotiate for the rights of the members and their families on a fair basis. We also feel that A. O. Smith Corp. negotiators dealt in bad faith bargaining, because on July 15, 1980, Mr. Charles Baumann, top negotiator for A. O. Smith told us that they wanted to close the Granite City plant as far back as one year ago. If this is true why didn't A. O. Smith tell us this in the first bargaining sessions that were held. **THINK ABOUT THIS MEMBERS!!!** If you think that we are wrong to fight for the proposals that were turned in to your committee, remember they are **YOUR PROPOSALS**, not the proposals of your committee. If this is justice (what A. O. Smith has been doing to us since day one of the bargaining sessions) **GOD HELP US ALL!** Most important of all to your committee; we do not want this plant to close. And remember this strike had nothing to do with the plant closing. The jobs of your Bargaining Committee are also at stake!

#### Personal note from the President, Local 1715:

We in Granite City proposed less in our contract demands than A. O. Smith gave their Milwaukee employees, without the Milwaukee employees striking or suffering. At this point, I feel that we were right in the beginning. Our members in Granite City and their families are not 3rd class citizens. They are hard workers. They got out the necessary production and made a lot of money over the years for A. O. Smith in Granite City. This is the thanks we get: the company now wants to shut down the plant. I feel this is wrong. I am going to continue to stand up for our members and their families so that they can have their rights and live in dignity.

Dear citizens, if you think this is wrong, you will have to condemn me.

WILLARD HERZING, President

## 2.21-inch rainfall hits Quad-Cities

A series of thunderstorms moving through the Quad-City area Monday night, accompanied in some sections by high-gusting winds, brought more than two inches of rain to some parts of the area.

The downpour that lasted several hours, beginning about 10:30 p.m., overcasted many of the city's lift station and caused flooding of hundreds of basements, mostly in the area of St. Clair Avenue from Wayne Avenue to Nameoki Road.

City Street Superintendent

Lionel Portell called out four employees at 11 p.m. to keep a constant watch on lift station operations.

The lift station at St. Clair

Avenue and Nameoki Road, was knocked out of operation by electrical problems that burned out the station's electrical operating panel. Cause of the burnout was not determined, Portell said, since the panels are located underground.

A total of 2.21 inches of rainfall was recorded at the Chain of Rocks locks between the beginning of the storm and 8 a.m. Tuesday morning.

Weather records indicated, however, that the rain hit heavier in some areas than in others. One weatherman said one section of the region reported 2.5 inches of rain while an adjoining area experienced a one-inch rainfall.

High winds also were reported in various areas, but not generally. Little or no wind damage was reported in the Quad-City area except at Lakeview Golf Driving Range on Highway 162 where wind flattened 900 feet of steel-welded fence that stood 24 feet high.

## Auto insurance discounts based on anti-theft devices

Implementation has been completed for a Sept. 21, 1979 law signed by Governor James R. Thompson, mandating that premium charges for automobile insurance be reduced by a percentage if a vehicle is equipped with an approved anti-theft device.

The law decreed that the director of insurance, Philip R. O'Connor, appoint an "automotive engineering advisory panel" to develop standards for anti-theft mechanisms for him to certify as qualifying for discounts.

The panel has been named and has met several times. Its members include Jack Martens, Allstate Insurance Co.; Peter B. Zimmer, Aetna Life and Casualty Insurance Co.; James B. Allen, National Automobile Theft Bureau; James Sullivan and Frank Gallardo, car theft investigators with the Chicago Police Department; Marion Vitek, investigator, Secretary of state office, and Kenneth W. Smith, deputy of the Property and Casualty Division of the Illinois

Department of Insurance. Premium discounts for installation of an approved anti-theft device are a percentage of the amount charged for comprehensive insurance.

The highest discounts will be for mechanisms that are automatically set when ignition keys are removed and which will be triggered by the opening of doors, the hood or the trunk. Types of devices considered under this category are:

An ignition that cuts off when the motor turns 360 to 2000 revolutions per minute, and which sets off a buzzer; a fuel line blockage which permits the car to run only until the gasoline in the carburetor has been consumed.

A sound alarm, if installed under the hood and if the car hood only can be released from inside the vehicle; and a shaker device which emits a loud sound if the car elevation is changed or if the car is tipped or shaken; if it can be deactivated independently of any other devices.

To be eligible for the highest discount, 15 percent, these systems must have well-concealed switches to deactivate the mechanisms. And a person entering a car equipped with one of the described devices is to have 20 seconds in which to disarm the system.

Devices that qualify for a 10 percent discount must be set automatically as those described in the previous category and must meet all the other conditions listed, except that if a shaker mechanism is part of the system, it need not have a separate cut-off switch.

A 10 percent discount may also be given for installation of a high-security ignition replacement lock which cannot be removed by using a conventional slide hammer.

Devices being recommended for the least discount, five percent, are those described above that must be activated by the owner.

When a mechanism must be cocked by the owner, there are times he will decide not to engage it, and on occasions, he will forget to set the device, it was explained.

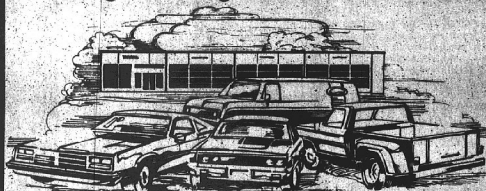

It has also been suggested that an additional five percent discount be allowed for installation of a separate hood key locking latch which has at least 50,000 combinations. If the vehicle is equipped with a sounding alarm or a shaker device. Also proposed is an additional five percent allowance if the vehicle identification number is etched in the glass of all windows and on the front and rear bumpers.

The identification etching must be in numbers or letters that are at least 1/4 inch in height. This discount is to be given in addition to any other allowances for installations of approved anti-theft devices.

If the two additional allowances are approved, the maximum discounts will range from 15 to 25 percent. All discounts also will include pickups that are classed as passenger vehicles.

## New gym may include solar water heating

Utilization of a solar water heating system for the \$11 million multipurpose building to be constructed at Southern Illinois University at Edwardsville is currently being discussed by the SIUE student government.

In a unanimous vote July 29, the Student Senate agreed to study the feasibility of installing a solar energy system. Dennis Garver, a liberal arts major from Edwardsville, and George Livingston, a government major from Edwardsville, had submitted such a proposal to the Senate.

According to the proposal, which requests the Senate to finance the project through the Student Welfare and Recreation Fund, the system could provide annual savings of \$20,000 for the student population.

John S. Rendleman Jr., student body president, said the system might represent more than just dollar savings.

"It would indicate to the people of Illinois and the state legislature that the students, and this institution, recognize the need for alternative uses of energy," Rendleman said. He will forward the Student Senate's desire that a solar energy system be investigated to the SIUE administration and the new building's engineers.

The Senate, which will meet Aug. 22, will further study examples of solar energy used in commercial purposes.

## Rites held for Betty Woodruff

Funeral services were conducted at 9:30 a.m. Wednesday, Aug. 6, at Davis Funeral Home Chapel, 21st Street and Cleveland, the Boulevard, for Mrs. Betty Lou (Jackson) Woodruff, 59, of 2429 E. 23rd St.

Mrs. Woodruff was pronounced dead at home at 1 p.m. Sunday, Aug. 3, by Leonard Davis, Madison County deputy coroner. She had been under medical care.

Born in Percy, Ill., Mrs. Woodruff had resided in St. Louis prior to moving to this area 20 years ago.

She was of the Baptist faith.

Her husband, Harold Woodruff, died in 1978. Survivors include two sons, Kevin and Paul Woodruff, both of Granite City; and three brothers, Paul Jackson, St. Louis; Gene Jackson, St. Louis; and Norman Jackson of Los Angeles, Calif.

Burial was in National Cemetery, Jefferson Barracks, Mo.

## David French in naval exercise

Navy Airman Apprentice David L. French, son of Eugene L. and Margaret R. French of 751 27th Place, Granite City, participated in exercise "Multiplex 1-80;" in the Indian Ocean.

He is a crewmember aboard the aircraft carrier U.S.S. Constellation, homeported in San Diego. The two-day multi-threat exercise placed emphasis on U.S. and British Royal Navy joint anti-war and anti-surface warfare tactics. The exercise was the first of a series conducted with the British force during their ship's deployment to the Indian Ocean.

The Constellation is 1,072 feet long. It displaces over 80,000 tons and carries a crew of 2,800 officers and enlisted men. It can accommodate 35 aircraft and more than 2,150 personnel assigned to an aircraft wing. French is a 1976 Granite City high school graduate.

## 10-33 Explorers canoe adventure

By MICK STRANGE of the Press-Record

It was a daily even meal of cold watermelon, but in the evening it was steaks, barbecue ribs and corn on the cob. Members of Explorer Post 10-33 who spent last week on a canoe trip.

The Explorers, sponsored by the Granite City Police Department, floated the Current River and the Jacks Fork River.

Their main camping grounds were Round Springs and Circle B at Eminence, Mo.

The only real problem the young adventurers ran into were flies on the river.

Officer Fred Hoffman (Officer Friendly), the group adviser, said, "The flies really attacked you out on the river. I think they were organized as they came at you like dive bombers. We camped in tents, but they did not bother us at all on shore."

On Tuesday, Explorer John DeRuntz went to strike at a bee, but unfortunately knocked an expensive pair of eyes glasses into the river.

The Explorers could not find them.

Apparently the word got around the people on the river and two days later she was told her glasses were found in the river and left at Albers Ferry for her.

Members of Post 10-33 attending were: Vickie Barnstable, Debbie Kacera, Cindy Barker, Judy Evans, Margie Ballard, Julie DeRuntz, Julie Ross, Steve Ray, Roger Smith, Dean Delbert, Deven Kuhn, Steve Whitaker, Richard Werthe, Gary Daniels and Walter Roegge.

The post was under the supervision of Helen Hall, associate adviser, and Officer Hoffman.

## Team members help replace theft losses

"It was a heart-warming gesture and it shows that today's youth are not what a lot of people say they are," Marjorie Wade of Granite City said last week when a group of young baseball players replaced her stolen in a theft at her home.

Mrs. Wade, who is employed at Beasner's Tavern in Madison, said a group of baseball players from the Strohm's Men's softball team learned when they stopped at the tavern last week that her wallet and money had been stolen.

"They were nice and huddled and then approached me and handed me some currency and told me to help make up my mind to have it to help make up my mind," Mrs. Wade related.

"These fellows are from 21 to 25 years old and I think it was one of the nicest things ever to happen to me."

## Charge man in stabbing Unemployment boosts colleges' enrollment

William D. Fancher, 19, of 2440 Sheridan Ave., has been charged with aggravated battery in informational documents issued through the Madison County state's attorney's office, in connection with the stabbing of Kevan Woodruff, 19, of the 2400 block of E. 23rd Street, at 4:30 a.m. July 26.

Woodruff was stabbed nine times during a fight outside Sambo's Restaurant, 3995 Nameoki Road, and was admitted to St. Elizabeth Medical Center.

Fancher appeared July 29 before a judge and bonds were set at \$2,000 cash and \$50,000 recognizance. He was released pending a hearing.

According to Woodruff and others, the two men had a disagreement inside the restaurant and went outside to fight.

Police were called and, as an officer approached in a squad car, he saw the two fighting, with another person trying to separate them.

Woodruff was holding his abdomen in pain and there was an extensive amount of blood on his clothing, the officer said.

A folding knife with blood on it was found near the scene.

Fancher alleged he was stabbed twice in the hand with a fork inside the restaurant before the pair went outside to fight.

He suffered four puncture wounds to his back, one to his right hand and minor cuts to a finger and forearm, but declined medical attention.

Woodruff was taken to two wounds to his back, two to his right side, one to his left side, one to his lower back, one to his left forearm and one to his abdomen, officials said.

He was listed in fair condition two days after the incident occurred.

## Nutritious snacks urged

By DORA ANN SEBOLD

CHEP, the Consumer and Homemaking Education Program, is involved in demonstrating various food recipes in the supermarket.

"Is Your Snacking Lacking?" was the subject of the first food demonstration, Pat Shipp, community worker for CHEP, demonstrated a fruit cup snack.

CHEP is promoting nutritious snacking, stressing, "The Illinois Cooperative Extension Service wants the consumer to get his money's worth in nutrition."

Potato chips, cookies, and many other snack foods have very little if any nutritional value, plus lots of calories. The fruit cup snack is high in Vitamin A and C and low in calories because there is no sugar added.

Sun-dried vegetables will be demonstrated on Aug. 22 and 23, featuring a new way to fix fresh vegetables while preserving their color, texture and nutritional value.

ITEMS ON STEPS

Talmadge Hawkins, 2217 Washington Ave., said at 1:15 a.m. Tuesday that a burglar had forced open the front door to his home and attempted to steal a turn table and stereo receiver. He said he found the items on the front steps, as if the intruder had dropped them in flight. Both pieces of equipment were damaged.

(Belleville Area College)

Tuition increases have no significant effect on enrollment in the state's community colleges, according to a new study by the Illinois Community College Board.

In a report to the 39 community college districts of the state, the ICCB detailed figures which showed that tuition and fee levels in Illinois were not one of the primary factors influencing students' enrollments during the past years.

The study showed, however, that tuition and fees during an eight-year period increased only enough to barely keep ahead of the inflation rate.

In analyzing changes in enrollment during the years 1971-1979, the board said that other factors seem to have a much greater impact on tuition and fee increases.

Unemployment levels, for example, during 1976 and 1977 had a dramatic impact on increasing community college enrollments at that time.

Also, the increase in the number of high school graduates until 1979 resulted in increased enrollments.

The board study pointed out that increasing competition for the traditional college-age student may make tuition and fees charges a critical factor which could influence student enrollments.

During the eight-year period for which the study was compiled, student tuition and enrollment in Illinois community colleges increased 126.2 percent, with a full-time enrollment increase of 51.3 percent.

Belleville Area College enrollments have increased almost 200 percent, from 3,944 in 1970 to more than 11,000 during the 1980 spring semester.

In that same period, tuition and fees have gone from \$5.75 per credit to \$15 per credit.

Student activity fees are being dropped and BAC tuition will be raised to \$16 from \$14 in the fall.

During that time span, headcount enrollment decreased in only one year, 1976, which was down 1.48 percent from the previous fall.

The largest enrollment increases at BAC were in 1972 (32.91 percent), 1974 (16.66 percent), 1975 (19.82 percent) and 1978 (21.43 percent).

The largest full-time equivalent enrollment increases were in 1974 and 1975. Full-time equivalent enrollment at BAC decreased only once — in 1973.

Public Information Director Doris Slocum said there is no apparent correlation between BAC tuition and enrollment.

"We like most of the community colleges in

Illinois," she said, "experience enrollment increases when unemployment rises."

Mrs. Slocum cited two factors favorable to increased enrollment at the local community college.

Two years ago BAC began offering free General Education Development preparation classes, she noted. Now approximately 1,000 students enroll for those classes each year.

Additionally, BAC has consistently maintained its veterans' enrollment even though other colleges in the state have experienced great decreases.

Mrs. Slocum attributes that to the aggressive outreach program of BAC. Veterans Service Office and its director, Michael Tharp.

She said, "I believe that our veterans service people make more of an effort to educate veterans in this area in what their benefits are than any other college veterans office in the state. They do this through personal contact as well as through comprehensive news coverage."

She added that veterans still constitute more than ten percent of the college's headcount enrollment.

## Flagg firm changes name

Flagg & Associates, Inc., is the new name of Flagg, Scheibel, Sherburne & Associates, Inc., an Edwardsville-based consulting engineering and land surveying firm. The new name follows a change in ownership of the corporation, with ten key employees becoming stockholders.

A new five-member board of directors was elected by the new owners. Charles A. Scheibel was elected president and Willard G. Flagg was elected secretary-treasurer. Other associates elected to the board were Allen B. C. Durkee Jr., Walter D. Blotzweg and Thomas M. Varrin.

The firm was first established in 1946 by Willard Flagg to provide land surveying and engineering services in southwestern Illinois and metropolitan St. Louis. The company has expanded to a present level of 25 engineers, land surveyors, planners and technicians.

The company also has an ownership interest in Randle-Flagg, Inc., an architectural, engineering and land surveying firm with offices in St. Louis and East St. Louis.

Flagg & Associates specializes in land surveying and civil, structural, municipal and land development engineering. Offices are next to the Madison County Courthouse at 116 St. Louis St.

### Time to renew farming leases

By RON CORNWELL

County Farm Adviser

August is a good time for tenants and landlords to review and renew their farm lease agreements.

Sept. 1 is the automatic renewal date for written leases with a six-month notice period on a March 1 lease year. Sept. 1 is also the automatic renewal date for unwritten year-to-year leases on a Jan. 1 calendar year basis.

Illinois law provides for a four-month minimum notice prior to the end of the current lease year to terminate oral or unwritten farm leases.

If the lease year begins March 1 on an oral lease, a notice must be given before Nov. 1. But on a calendar year basis, the four-month period begins Sept. 1.

Apart from legal notice periods, August is a good time to review all farm lease agreements. Rising operating costs that have hit tenants harder than landlords may be one reason for reviewing the cost sharing arrangements for the next year.

If a change in tenants is required, now is the best time to give the required notice and to work out final settlement arrangements.

### Trinity Methodist pancake breakfast

A pancake and sausage breakfast will be served at Trinity United Methodist Church, E. 25th and Henry streets on Saturday, Aug. 9 from 7 a.m. to 1 p.m.

Cost of tickets are \$2.50 for adults and \$1.50 for children under 12. Area residents are invited to attend, according to the Rev. Paul Bryant, pastor.

CHARGE MAN, 70

Hobart E. Gann, 70, of 3901 Warren Ave., was charged with disorderly conduct earlier this week after police were called to an address in the 3900 block of Marshall Avenue where a man, allegedly identified as Gann, was reported trying to enter a house and the occupant did not know him.

## Miss Sommerfeldt weds Randall Scott Biggs

Miss Elizabeth Ann Sommerfeldt and Randall Scott Biggs were married on July 4 in an afternoon double ring ceremony at Trinity Lutheran Church in Edwardsville.

The Rev. Larry Meintzen officiated at the 4 o'clock service. Organist John Neumaier played traditional Lutheran wedding music.

Parents of the bride are Mr. and Mrs. Arnold W. Sommerfeldt, 645 Roosevelt Drive, Edwardsville. The groom's parents, Mr. and Mrs. Luther Biggs, reside at Lot 20 Caroline St., Edwardsville, and are former Granite Cityans.

Given in marriage by her father, the bride wore a white lace gown with a Queen Anne neckline trimmed with pearls, long tapered sleeves and an organza full skirt bordered with a deep lace flounce.

Her melody length veil of bridal illusion was edged with wide scallop lace and secured to a headpiece of pearls, orange blossoms and lace.

She held a cluster of red

roses centered in lace and tied with white streamers. Matron of honor was Mrs. Kathleen Fralinger. Kadlecik and bridesmaids included Patti Ann Sommerfeldt, a sister of the bride, and Miss Kathy Lotter.

James Kadlecik served as best man. Groomsmen and ushers were Daniel Alan Biggs, a brother of the groom, Kurt Hinnen, Jim Lancer and John Perry.

Julie Ann Sommerfeldt, the bride's sister, was the flower girl.

A reception was held at the VFW Post 1299, Edwardsville, with Kathy Shaffer and Marcia McArne assisting.

The bride is a 1977 graduate of Edwardsville High School and is employed by Kelly Services, St. Louis. The groom was graduated in 1975 from Edwardsville High School and works at A. G. Edwards & Sons in St. Louis.

The newlywed couple are now residing at 4044 Galsight Walk Apartments following a wedding trip to Indiana.

**MR. AND MRS. JAMES MILLER.** Their wedding was solemnized at Sacred Heart Roman Catholic Church. Formerly Barbara Jean Koishor, the bride is the daughter of Mr. and Mrs. Rudy Koishor, 2419 Washington Ave.

## Barbara Koishor wed in afternoon ceremony

Miss Barbara Jean Koishor became the bride of James Francis Miller on June 28 in an afternoon ceremony at Sacred Heart Roman Catholic Church.

Father James Shortall performed the double ring service at 2 p.m. before altar decorated with bouquets of yellow daisies and white carnations. Hurricane lamps holding burning tapers illuminated the white carpet aisle.

Organist Mrs. Margaret Crawshaw played, "Largo" and "Ode to Joy." Rudy S. Koishor Jr., a brother of the bride, sang "Wedding Song," "One Hand, One Heart," "Sunrise, Sunset," "More," "Today" and "Ave Maria" accompanied by the organist.

Parents of the bride are Mr. and Mrs. Rudy Koishor, 2419 Washington Ave. The groom is the son of James R. Miller, Parkview Colonial Manor, O'Fallon and the late Mrs. Ruth K. Miller.

Given in marriage by her father, the bride chose a formal length ivory organza gown with Brussels lace accenting the bodice, full length sleeves and bordering the skirt.

A satin ribbon defined the natural waistline and hemline. Matching lace edged the chapel length mantilla veil of bridal illusion. She held a silk bouquet of white roses, gardenias and stephanotis centered in lace and ribbon accents.

Matron of honor Mrs. Diane Marie Hudzik, a sister of the bride, and bridesmaids, Miss Michele Miller, the groom's sister, Miss Theresa Kulaska, a cousin of the bride, and Miss Cheryl Schaus wore identical yellow giana dresses.

Their gowns featured bodices draped to one shoulder and floor length skirts complemented with matching yellow chiffon capes.

Each attendant carried baskets of yellow daisies and white carnations enhanced with lace ribbons.

The groom chose Douglas Hiler as best man. Groomsmen included Richard Koishor, the bride's brother, Sherman Pocher and Joel Duzick.

Seating the guests were Jack Kuebel and Albert Hudzik.

For her daughter's wedding, Mrs. Koishor selected a formal blue chiffon tiered gown and wore a white rose corsage.

Guests were received by the newlywed couple at a 6 o'clock evening reception held at Engelbert Hall. The rehearsal dinner was served at Tony's Restaurant in Belleville.

After a Caribbean cruise the couple now resides in Granite City.

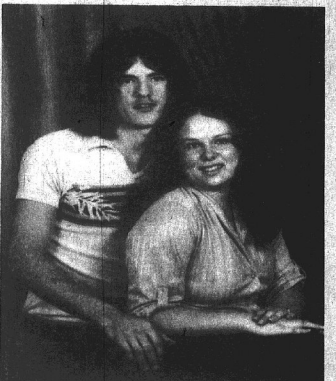

The bride graduated in 1974 from South High School and in 1978 from Southern Illinois University at Edwardsville, where she received a B.S. degree in geography. She is employed as a graphic artist with Southwestern Illinois Planning Commission.

A 1973 graduate of Belleville East High School she graduated from St. Louis University Park College with a B.S. degree in aeronautical engineering. He works for McDonnell-Douglas Corp., St. Louis.

**MARRIED.** Mr. and Mrs. Douglas A. Smith whose wedding took place in a candlelight setting at the Second Baptist Church, 2100 Illinois Ave. Formerly Lessa Gaye Jarrard, the bride is the daughter of Mr. and Mrs. William L. Jarrard, 2306 Lynch Ave.

## Lessa Gaye Jarrard and Douglas Smith are wed

Miss Lessa Gaye Jarrard, a daughter of Mr. and Mrs. William L. Jarrard, 2306 Lynch Ave., and Douglas A. Smith, son of Mr. and Mrs. Ira A. Smith, 3051 Circle Drive, were united in marriage in an evening candlelight ceremony on July 12 at Second Baptist Church.

The Rev. Carl Watkins, performed the double ring ceremony at 7 o'clock. Wedding selections "We've Only Just Begun," "Evergreen," "You Light Up My Life," and "The Lord's Prayer" were provided by Soloist Tim Elliot and Organist Jack Jenkins.

Candles and white satin bows marked the pews and arrangements of white gladioli and pink carnations adorned the altar with candelabra holding burning white tapers.

Escorted down the white carpeted aisle and given in marriage by her father, the bride wore a white gown of Chantilly lace and organza over taffeta. Re-embroidered lace, encrusted with seed pearls, outlined the Queen Anne neckline and enhanced the cuffs on the bishop sleeves. The fitted bodice featured a keyhole back. The A-line skirt, sprinkled with appliques and hemmed with a flounce of crystal pleating secured with lace, flowed into a cathedral train.

She wore a double fingertip veil of bridal illusion bordered with matching lace and secured with a lace and pearl Juliet cap.

A bouquet of white phalaenopsis, pink roses, pink carnations, lily of the valley and baby's breath was carried by the bride.

Miss Ann Uram, maid of honor, and bridesmaids, Lauren Jarrard, sister of the bride, Janet Smith and Robin Keeton, sisters of the groom, wore identical floor-length dresses in rainbow hues of yellow, blue, green and pink.

Their gowns of cream puff crepe, created in a small floral print were designed with fitted bodice and circular skirt gathered into the waistline, round neckline.

and long bell shaped sleeves.

Each held a bouquet of roses, carnations, daisies and baby's breath, in a color to match their attire. A rose with baby's breath was worn in their hair.

Carrie McCluskey, cousin of the bride, served as flower girl. She was dressed in a floor length dress of white crepe, featuring a round neck with ruffle collar, and short gathered sleeves. The full skirt with ruffle hem was trimmed in pink satin bows, appliques and pearls. A pink satin ribbon defined the waistline. She carried a white basket with pink roses, white daisies and baby's breath.

The groom chose Mark Lynn as best man, Rick Reish, Ronnie Keeton, brother-in-law of the groom, and Dennis Smith, the grooms brother were groomsmen.

Seating the guest were Wayne Britton, and Donald Smith, brother of the groom. Mrs. Jarrard, mother of the bride, selected a formal pink crepe gown, with chiffon overdress designed with oval neckline and short dolman sleeves.

The groom's mother, Mrs. Smith, wore a peach floor length qiana dress fashioned with high neckline, long sleeves and fitted waist.

Both mothers wore corsets to match their gowns. After the service a reception was held in the church Fellowship Hall. Parents of the groom entertained the wedding party at a rehearsal dinner in the Fellowship Hall.

Mrs. Judy Smith, sister-in-law of the groom, attended the guest book. The newlyweds are residing in Granite City after a wedding trip to Fox Springs, Mo.

A 1977 graduate of North High School, the bride is a senior nursing student at Southern Illinois University at Edwardsville. She is presently employed as a cashier at Central Hardware.

The groom graduated in 1976 from South High School and in 1978 from Vocational Training Center in St. Louis. He works at Kiel Heating and Cooling in Belleville.

Out of town guests included Alvin and Charlotte Nichols and Mrs. Vera Schilling, all of Jopburg, Mo.; Jim Hartzel, Houston, Texas, and Gary and Diane Delafoye of Beaufort, Mo.

## Stallings bids to open at \$100,000

Want to buy a school building?

The former Stallings Grade School will be auctioned Oct. 31. But start saving up your money right away. It will cost a minimum of \$100,000.

The Granite City Board of Education gave formal authorization Tuesday night for the Madison County Board of School Trustees to hold a public sale of the building. The trustees will meet on the request Oct. 31 to the likely auction date.

The Granite City board has obtained appraisals of the property and decided on the minimum bidding figure Tuesday.

The building was utilized by the school district until a year ago, and 1979-80. It was leased to an Alton-based agency for educational use by handicapped. That lease is to expire in September.

In other business, the board authorized Mrs. Harold Yount to use the Granite City High School South gymnasium Sept. 6 for a baton twirling contest. South-Western Cable TV, Inc., will provide free cable television service for one TV set in each school building in the district.

It was agreed to accept a gift from John Pender, formerly director of Granite City, for use in Granite City schools' vocational electronics program. The electronic equipment valued at \$1,500, includes meters, wire and rheostats.

Acting on bids, the board ordered an audio-visual machine from Reed Instructional Systems for \$3,250.

Granite City Office Equipment was authorized to perform maintenance on 204 IBM classroom typewriters for \$5,395.

Todd Uniform will launder school cafeteria dish towels totaling 1,600 weekly for 9.8 cents each, and rag rugs (totaling 300 pounds annually) for 50 cents a pound.

Reviewing bids on boiler chemicals for GCIS South high-pressure boilers and on fuel oil additive for use extended, \$6,291,659, and the tentative 1980 year, \$7,246,000, follows:

Education levy, \$4,777,021 rising to \$5,500,000; operations, building and maintenance, \$702,503 increasing to \$817,000; transportation, \$224,801 rising to \$261,000; retirement, \$200,000 increasing to \$350,000; life safety, \$83,667 climbing to \$100,000; working cash, \$10,000.

Corporate personal tax replacement fund for 1980-81 are estimated at \$3,257,600, including \$2,576,000 education, \$337,000 building and maintenance, \$95,000 transportation, \$20,000 retirement and \$99,600 working cash fund.

Replacement taxes for life safety are part of the building fund figure and for the last fund are part of the education fund listing.

Curtis R. McDaniel, director of business affairs, told the board, "Since we are levying the maximum rate for the school, the operations, building and maintenance fund, transportation, working cash and life safety, the tax rates cannot be increased. The only place we have a reduction."

There could be a possible loss of revenue if these funds if the actual assessed valuation is less than projected. The rate for the Illinois municipal retirement fund and tort liabilities could either increase or decrease, depending on the actual assessed valuation for 1980.

"While we have no guarantee there will be an increase in the revenue received through the corporate replacement tax, we have added a five percent increase over that received last year."

"There are several unknowns which will affect revenue in the education fund. The legislature and the governor have recently approved additional monies for the state aid formula, but at this time we have not received any printouts as to the amount of money our district can expect."

"We feel the estimate provided will be quite close to our actual entitlement. We also are assuming that the state aid formula will be fully funded."

"We have not received any information as to whether there will be a pro side, and whether there will be a pro

## Kinder heads school citizens

Norman Kinder is the new chairman of the Citizens Advisory Council for the Granite City school district. It was noted at Tuesday night's Board of Education meeting.

Barbara Haddock is vice-chairman for 1980-81 and Arthur Menendez, Mitchell School principal, is secretary of the CAC.

Gilbert Wamsley, GCIS North principal, and Dorothy Linski have been elected by CAC members to serve on the executive committee. The constitution calls for the remaining two members of the executive committee to be student members, one from South High and one from North High.

During the school board meeting, approval was given to an Order of Eastern Star to the list of groups represented on the citizens council. New members to be added will be Mrs. Miriam Ozanich.

Salaries for campus monitors and for teacher assistants are to be set at a later meeting in August. The school board hired Mary Jo Seibold of Granite City as home economics teacher at GCIS South for the 1980-81 year.

Employed as social workers were Mary Beth Gordon of Granite City for elementary schools and Ann Gault Spiller of St. Louis for secondary schools.

Harold Dombrosky, a Coolidge Junior High School

custodian, will retire effective Oct. 3.

Resignations from extra-curricular assignments were accepted from Roy L. Logan, a North assistant football coach, Steve Savanough, a South assistant wrestling coach, and Norman Grote, South girls basketball coach.

Contracts were approved to continue health occupation training programs at St. Elizabeth Medical Center and Oliver Anderson Hospital. Under the non-financial agreements, students are trained as unit secretaries and in hospital housekeeping.

Students currently in the five-semester cosmetology program will continue to be trained for a total tuition of \$800. Those newly entering the program at the Granite City School of Beauty Culture will pay \$1,650 for the two-year program.

Cosmetology students attend during their junior and senior years of high school and then the summer following their senior year. Coordinated Youth Services will continue to provide a truncky program for \$16,908 a year in 1980-81. Referrals by school personnel to truncky officers total 300 in 1979-80.

CYS for a ninth consecutive year will operate an alternative education program. In the past year, state reimbursements offset the approximately \$64,000

annual cost. Of 214 alternative education students (many of them potential drop-outs) referred to the center last year, 166 were sixth graders, 15 graduated with high school diplomas, 14 returned to their home schools full-time, 17 were promoted to the ninth grade, six were promoted to the eighth grade and one was promoted to the seventh grade.

In a separate action, the school board agreed to serve as a sponsor for a CYS application for an alternative education financial grant. The funds would be used to develop a curriculum resource center, coordinate a two-day statewide conference for alternative teachers and administrators, and study ways of reducing the need for alternative referrals.

Policy regarding board attendance at out-of-town meetings are to be reviewed next week. Pending the review, a 4-2 vote was recorded on authorizing any interested board members to attend a national school board conference and training program in Las Vegas, Nev., Nov. 20-23.

Supporting the authorization were Monroe Worthen, acting president, Secretary Thomas Miodsky, George Moore Sr. and Donald Stucke. Opposed were Robert Maxwell and David Partney, President

Steve Saltich was on vacation. Board members were uncertain whether any are interested in attending the National Meeting. Topics will include leadership techniques, school budget evaluation, use of public relations and school reading programs.

Baker & Taylor was designated as the prime source of supply for school library books in 1980-81. Acting on bids on cafeteria paper goods, the board approved purchases of \$4,676 from Modern Papers, \$1,610 from Jones Wholesale, \$600 from Allen Foods, \$763 from Switzer, \$201 from Independent Foods and \$144 from Smith Schaff.

Beverages to be used in school cafeterias will be supplied by Pepsi-Cola Bottling Co. on the basis of its overall low bid to specifications and lower cost. Open bids for bottled orange, apple and grape drinks, fruit punch and lemonade.

Canned goods will be provided by Jones \$8,373, 14-Pods \$5,678, Allen \$3,938, Tarias \$3,633, Kellner \$3,261, General Grocer \$1,802 and Independent, \$642.

Open Kitchen of Madison will provide pre-packed sandwiches for re-sale. The yearly volume is estimated at \$60,000.

## Budget

(Continued from Page 1)

ration factor. However, in the past, categorical aids have been prorated, and we have computed our special education claims at 95 percent.

"The balance of the claims have been computed for full funding. The total expenditures are \$1,545,359 more than in the 1979-80 budget, and \$2,321,615 more than actual expenditures during the 1979-80 year."

"The major increase in the education fund is in the salaries section, where the increase is \$1,662,569 over the actual for 1979-80, and \$1,492,569 more than the 1979-80 budget."

"Certificated salaries have been determined by plain our projected staff of this 1980-81 salary schedule. The non-certificated salaries have been determined by taking last year's actual expenditures and increasing them by 9.5 percent, which was the negotiated salary increase for this year."

"Administrative salaries have been increased 10 percent over last year's actual expenditures. Included in the salaries section is \$87,000 for miscellaneous items such as substitutes in classrooms, horizontal movement on the salary schedule (increased degrees and credit hours), sixth period classes, and additional extracurricular work."

"Of the total increase in salaries, \$97,382 is for pension contributions. "In the operations section of the budget, heating oil has been reduced by \$86,135, and then that balance increased by 15 percent to provide for projected price increases. This has been done due to inflation of new boilers. In the building fund, the electricity and gas account will increase due to this conversion."

"However, it is my opinion that unless there are drastic changes in the revenue and the expenditures, it will be necessary during the school year to borrow \$1,200,000 to \$1,600,000, and we will have a projected cash balance on July 1, 1981, of approximately \$800,000 to \$950,000," McDaniel said.

"The building fund for the 1980-81 budget requires more documentation that normal due to transfer of surplus funds from the bond and interest fund, and proceeds from the sale of McKinley School, along with capital improvements approved by the board."

"Operating costs, such as salaries, maintenance and custodial supplies, water, electricity, gas, telephone and insurance, require all the money that can be generated in the building fund through taxes."

"This would leave little money for building remodeling, additional equipment, replacement equipment, and site improvements."

"At the time of the 1979-80 school year, we had a building fund balance of 2,232 with investments of \$468,000. At the same time, we had encumbered expenses totaling \$456,361 for boiler replacement, the automotive shop, completion of the steam line, installation of new gas tanks, and roof renovation work at Prohart, Logan and Wilson."

"We also have \$223,600 in the bond and interest fund invested and maturing this year. This money is to be transferred into the building fund."

"We have issued purchase orders totaling \$234,500 against this revenue for new roofs at Prather and Leis, major roofing work at Niedringhaus, and site work at Mitchell, South, Mayville, Wilson, Prather, Coolidge and the Board Office."

"On a cash basis, our projected building fund and revenues available are \$1,496,382. Projected expenditures are \$2,198,900. It is my opinion that it will be necessary to issue tax warrants of \$350,000 in this fund to meet planned expenditures."

"Even though the building fund will be reduced because the surplus funds have been used, it is quite evident that revenues which are raised through taxes will not be able to support the building fund budget."

"The IMRF (pension) budget has been increased \$75,000 over last year's budget. While we have received notification that our IMRF rate has dropped from 18.44 percent to 17.78 percent, this lower rate is not effective until January 1981."

"The projected increase of \$57,000 is due to the increased pay of non-certificated personnel which will require a larger contribution."

"As you are aware, this past year we extended our transportation contract with R. W. Harmon and Sons. We have been notified that for the 1980-81 school year our contract increase will be 12 percent, which the company furnishes when we extended our contract."

"We have taken the 1979-80 actual expenditures and increased all of them by 12 percent. This assumes that we will run the same number of routes, transport the same number of youngsters, take the same number of field trips, etc."

"In addition to the 12 percent increase, we have added two additional special education runs at a cost of \$18,200 and an appropriation to pay two vans which were purchased for transporting small groups of students."

"We have increased our gasoline cost from \$110,000 to \$125,000 for projected inflationary trends. The overall transportation budget is \$130,725 more than actual expenditures for 1979-80, and \$179,425 more than the year-age budget."

"On a cash basis, our projected revenue is \$1,496,382, which includes \$190,000 from state aid. Our state transportation claim has been prorated at 95 percent."

"The committee noted that each household could be added to the tally of occupied units is a plus for the overall census total, since the 1980 census is the process of narrowing that list of 752 wherever they can show that it is wrong."

"The federal census staff has found 14,019 Granite City households but listed 752 of them as vacant. The city agents are in the process of narrowing that list of 752 wherever they can show that it is wrong."

**DEEP POTHOLES** in "no man's land" on Rock Road northwest of the West Pontoon Road extension make driving difficult and create a danger for motorists unaware of the potholes. New maps prepared by the Granite City Engineering Department indicate that the roadway is not within the city limits, so city Street Superintendent Lionel Portell says his department cannot repair the holes. He contends that portion of Rock Road is in Nameoki Township. Frank Mehelic, commissioner of that township's highway department, disagrees with the accuracy of the city's new maps, but said he has his attorney, the county superintendent of highways and the county's maps and plans department working on the question. He said it could be in the city or in Nameoki, Venice or Chouteau Townships. "They all come together right about there," Mehelic contends.

(Press-Record Photos by Gary Schneider)

**LIMBS IN ROADWAY** On Rock Road created a serious danger to motorists in addition to the potholes. Although the Nameoki Township Highway Department contends the roadway is not in that township, Highway Commissioner Frank Mehelic said he ordered a backhoe crew there last week to push the limbs and

other debris off of two sections of the road. Mehelic said he is studying recent annexations in that area and is attempting to determine who is responsible for maintaining Rock Road and several nearby roads for which none has admitted responsibility for maintenance for years.

#### Small business courses offered

Lewis and Clark Community College again is offering several courses to the general public for persons interested in gaining expertise in small business management and operation. The courses are designed to give the public and individuals the opportunity to better understand the principles of managing and starting a small business effectively.

Several courses will be offered this fall, including accounting I and accounting for small business, management fundamentals, records and financial management, and principles of personnel management. These business-related courses are being offered through Lewis and Clark with the cooperation of the U.S. Small Business Administration. The accounting and other

courses will be offered in evening hours at various locations, both on campus and at high schools. For further information on locations and to register, area residents may call the Evening Education Division at 466-3411. Fall semester classes will begin tomorrow and will end Dec. 19.

## Some drugs decrease defense against heat

William L. Kempfers, director of the Illinois Department of Public Health, is warning consumers that certain prescription drugs can make them more susceptible to heat stroke.

"As the temperature approaches body temperature and as the humidity nears 100 percent, loss of body heat through perspiration rapidly decreases," Kempfers said.

"While the body usually can maintain a steady internal temperature through sweating, some drugs reduce the body's defense against excessive heat by depressing the sweating mechanism, and may contribute to the development of heat stroke."

He said types of drugs to be cautious of include:

Belladonna alkaloids — Atropine sulfate, Atropine hydrobromide, Hyoscyamine sulfate.

Synthetic Alkaloids — Trihexyphenidyl HCl (Artane), Procydine HCl (Nemadine), Biperiden (Akineton).

Anticholinergics — Diphenhydramine HCl (Benadryl), Chlorpheniramine Maleate (Chlor-Trimeton), Cyproheptadine HCl (Periactin), Triprolidine HCl (Actidol), Brompheniramine Maleate (Dimetane).

Phenothiazines — Chlorpromazine HCl (Thorazine), Thioridazine HCl (Mellaril), Meprobamate HCl (Miltivan), Promazine HCl (Sparine), Piperacetazine (Quidel), Meclizine (Serene).

Tricyclic Antidepressants — Amitriptyline HCl (Elavil), Endep, Amitid, Doxepin HCl (Adapin Seneguan), Imipramine HCl (Tofranil), Trimipramine Maleate (Sermontil), Nortriptyline HCl (Aventyl), HCl, Famelor, Desimipramine HCl (Norpramin, Perfrapin), Protriptyline HCl (Vivactil).

Butyrophenones — Haloperidol (Haldol).

Thioxanthenes — Chlorprothixene (Tractan),

Thiothixene (Navane), Dihydroindolones — Molidone (Molban).

Other Atropine-like drugs — Benztropine Mesylate (Cogentin).

"Patients taking diuretics are also at increased risk of developing heat stroke. But patients should not reduce or discontinue their medication unless told to do so by their physician," Kempfers said.

"The symptoms of heat stroke are extremely high fever, red, dry skin and slow, noisy breathing. The victim may lose consciousness."

"Heat stroke may be preceded—though not always—by headache, confusion, disorientation, faintness, dizziness and excessive thirst."

"Those who should be especially concerned about the risks of heat stroke include the elderly, chronically ill patients, alcoholics and those who do strenuous manual labor."

"Whenever possible, groups at risk should avoid excessive activity on hot, humid days and should drink water and fruit juices to replace what is lost through sweating."

#### Births, deaths decline in area

Births and deaths in the Quad-City area during July declined slightly below those of the previous month and births dropped substantially below those of the same month a year ago, according to a vital statistics report released by City Clerk Robert Stevens.

Stevens' report showed 36 births and 36 deaths in the area last month, compared to 44 births and 42 deaths during the previous month of June.

During July 1979, there were 74 births and 36 deaths, the report shows.

There were no fetal deaths last month, compared to two during the same month of 1979.

Last month's statistics brought to 371 the total number of births during the first seven months of this year, compared to 411 in the same period last year.

Deaths totaled 289 for the seven-month period, compared to 307 for the same period of 1979. A total of three fetals during this year's seven-month period compares with four during the same period a year ago.

### Disparities in manpower use studied here

Southern Illinois University at Edwardsville has received a \$13,448 grant to participate in a manpower research project coordinated by Northern Illinois University.

The project to produce policy-relevant information for manpower programs in Illinois is being conducted for the Illinois Department of Commerce and Community Affairs by a consortium of faculty members from NIU, Illinois State University, SIUE and the University of Illinois at Chicago Circle.

Darrell F. G. Williams, associate professor in the SIUE Center for Urban and Environmental Research and Services, will assist with the research project. He will study the industrial location incentives and disincentives and other market forces underlying current and projected employment changes in metropolitan and other labor market areas of the state.

"This demand-side analysis of regional economies will establish the background conditions for assessment of labor force experiences, market and extra-market barriers to use of workers' skills, human capital deficiencies, and job opportunities for significant segments of the Illinois labor force," Williams said.

Black labor force participants, youth, women and elderly workers will be among the segments studied. The analysis will include an examination of occupational participation rates and the nature and extent of income and occupational status disparities resulting from historical patterns of labor force exclusion, lower-status employment, and both deliberate and systematic "under-investment in the human capital of certain subgroups in the labor force."

Future occupational choices and training needs in state labor market areas also will be considered in light of current and projected patterns of employment change and composition, employment structure and expansion or decline, and variations in employment structure and demographic characteristics among size-of-place categories.

### Troop 7 sponsors bicycle hike

Members of Boy Scout Troop 7, sponsored by St. Joseph Catholic Church, held a bicycle hike to the Madison County Nature Trail under the leadership of Assistant Patrol Leader Phil Kimbrel.

Due to the extreme heat on the day of the event, the scouts did not travel the entire county trail, but did ride to and from the church on their bicycles. The group were taught specific safety tips in relation to bike trips and also learned to control their water supply.

Those attending were Cobra Patrol, Jeff Kittel, Jim Harper, William Falbe and Mark Brazel, Flaming Arrow Patrol, Reuben Garcia, David Gushleff and Tony Jordan, Panther Patrol, Mike Brazel.

The troop was notified they could purchase seven new tents as a donation for one tent was given to the troop from Sacred Heart Holy Name Society and monies from the Youth Ministry of St. Joseph would provide the purchase of the additional six.

The Youth Ministry earned the money by assisting with the Las Vegas Night project held at the Knights of Columbus Hall, earlier in the month.

Service patrols were formed to set up the new tents.

To conclude a busy week in the summertime, the troop was treated to cold water-melon at a weekend meeting.

## Motorcycle, auto fatalities rising

Illinois traffic fatalities have reached 1,083, showing an increase of 47 compared to the same period last year. Statewide, there were 172 fatal accidents indicated that one-third of the operators were not properly licensed to operate motorcycles.

Capt. Huffman advised all motorists to be especially alert for motorcycles when driving.

"Due to the cycles' small size, it is difficult to see them."

"The law requires that all motorcycles have their headlamp turned on when operating during all hours. Wearing protective clothing and helmets would reduce injuries and fatalities," he commented.

have been 138 motorcycle fatalities in Illinois, compared to 202 in all of 1979.

An analysis of motorcycle fatal accidents indicated that one-third of the operators were not properly licensed to operate motorcycles.

Capt. Huffman advised all motorists to be especially alert for motorcycles when driving.

"Due to the cycles' small size, it is difficult to see them."

"The law requires that all motorcycles have their headlamp turned on when operating during all hours. Wearing protective clothing and helmets would reduce injuries and fatalities," he commented.

LOU ANN HOLLIS DARLENE BOZZARDI

## New teachers at St. Peter School

On Monday, Sept. 2, Mrs. Ann Hollis and Mrs. Darlene Bozzardi will begin their first year of working together as team-teachers at St. Peter School for the Young Years, 2nd Street and Cleveland Boulevard.

Mrs. Bozzardi, who is a 1970 graduate of Granite City Senior High School, received a Bachelor of Science degree in education from Western Illinois University-Edwardsville in 1974. Her area of interest was Early Childhood.

Mrs. Hollis, also a graduate of Granite City Senior High School, received a Bachelor of Science degree in education from Western Illinois University in Macomb, Ill. Her area of interest was Early Childhood Development.

Both teachers have sub-

stituted in the Granite City School District. Moreover, Mrs. Bozzardi has taught kindergarten in Granite City for two years and served on the 1976 summer workshop to write a kindergarten curriculum for the Granite City School District.

On Sunday, Aug. 24, St. Peter School for the Young Years will sponsor an Open House and Tea in fellowship hall of St. Peter Evangelical United Church of Christ, so that parents will have an opportunity to meet their children's new teachers and tour the school's facilities. Parents interested in enrolling their children (ages 3-4) and attending the tea should contact the church office, 877-1904 from 9-11:30 a.m., according to Rev. James Brown.

## Peace group organizes here

A group of area residents has formed a new organization called the Community for World Peace, it is announced today by Dennis Rutledge, minister of Central Christian Church.

The citizens' group met this week at the church, located at 2020 Johnson Road, to plan future efforts according to Rev. Rutledge.

Among the plans projected for the coming months were study sessions, films, student counseling and group discussions.

Another important aspect

of the organization is cooperation with international groups which are urging peaceful alternatives to war, the local minister explained.

The public is invited to attend the next meeting of the Community for World Peace, scheduled at 7:30 p.m. Sept. 21 at Central Christian Church.

## English will be taught in GC as a foreign language

Bilingual education has come to the Granite City school district.

Warren D. Collins, curriculum coordinator, and Supt. B. J. Davis obtained approval Tuesday night for a course at Granite City High School South to be called transitional English.

A report by Collins at the Board of Education meeting related that "since July 1, 1976, school districts have been required to provide and maintain a program of transitional bilingual education where they have an attendance center with 20 or more children of limited English speaking fluency who share a common home language."

"In past years, this district has not had bilingual students in sufficient numbers to require establishment of this program, nor do we anticipate this happening in the near future. However, we do feel an obligation to provide additional services to those students who can be identified as functioning at Levels I or II in language fluency."

"Our records indicate that we normally have five to ten such students in any one school year."

"These students are located in several buildings, are at different grade levels, and often have different native languages. During the past year, we have purchased bilingual materials to assist staff members who work directly with these students."

"There has been our philosophy that bilingual students should be 'mainstreamed' into the regular curriculum as soon as possible, but we realize that the language barrier is a problem until the student achieves greater English fluency."

"The students will be placed in other courses where the language barrier will not be a major handicap."

"They should be mainstreamed into the regular program as soon as possible. This course is not intended to be used for remediation, but it will be limited to bilingual students who function at a low level of English fluency."

## Awards to Troop 5 scouts

Approximately 80 people attended the annual Troop 5 family picnic at Wilson Park after the meal, each Scout introduced his family and guests.

The Troop received a special thank you from Cub Scout Pack 46, Nameoki School, for the help given during the year.

Jack Small gave a treasurer's report and explained the troop's fund-raising project to the new Scouts' families.

Scoutmaster Max Forbes and Award Chairman Frances Shane presented the following awards which the boys earned while at Camp Sunnen in June:

Scout awards: Camping, John Jaros, Mike Schuette, Jeff Criley, Joe Basarich, Jim Patton; swimming, John Jaros, Brian Forbes, Mike Maier, Kip Simpson, Jeff Criley, Jim Patton; communications, Rick Hill, Jim Patton; cooking, Kip Simpson, Jeff Criley; family living, Jim Patton; conservation, Kip Simpson, Jeff Criley; first aid, Jeff Criley, Jim Patton; Brian Forbes; citizenship, John Jaros, Jim Patton.

Merit badges: Leatherwork, Mike Dawson; woodwork, Brian and Alan Forbes; sports, Brian Forbes; hiking, John Shane; fishing, Eric Wilson; electricity, Mike Dawson; reptile study, John Shane; home repair, Eric Wilson; world conservation, Bruce Holt; woodcarving, Bruce Holt; lifesaving, Rick Hill, Bob Bruce, Eric Wilson, Bruce Holt; fish and wildlife management, John Shane, Jim Small, Bruce Holt; mammals, Jim Small, Bruce Holt; motorboating, John Shane, Ford Fraser, Jim

"Resource teachers, learning center teachers, and speech correctionists have done an admirable job of assisting these students in elementary schools."

"Counselors and speech correctionists have filled this role at the junior high level, and likewise have been able to move these students into a regular program in a relatively short period of time."

"Our experience has shown that the younger the students, the more rapidly they become fluent in English."

"The needs of the non-English speaking student at the senior high level have not been as easily met, because of the more structured programs of the high school. That one of our foreign language teachers, Mrs. Muriel Kratz, has the experience of teaching English as a foreign language."

"I have discussed this with Principal James Dumont, John Sellmeyer and Mrs. Kratz, and we propose that we provide a course of English as a second language for non-English speaking students."

"We suggest that these students receive credit for the course as a foreign language. This will be offered on an 'as needed' basis, but normally only in the fall semester."

"The students will be placed in other courses where the language barrier will not be a major handicap."

"They should be mainstreamed into the regular program as soon as possible. This course is not intended to be used for remediation, but it will be limited to bilingual students who function at a low level of English fluency."

# Kyle Rote Jr. sees changes in U.S. Youth Soccer

By PETE HAYES

ST. LOUIS — Kyle Rote Jr. said he'd never even seen a soccer ball when he was 17-years old. But he went on to become one of the best American-born players in the North American Soccer League. Things are different now. Rote, in St. Louis Tuesday to promote the

CONCACAF Youth Tournament at SIU-Edwardsville, spoke with reporters at the Catholic Youth Charities office in St. Louis. "Most of these kids (in the CONCACAF Tournament) are better than me right now," he said. "They're 16, 17, 18 years old. And I'm talking about the U.S. team."

for whom he was named, said he felt a little out of place in St. Louis. "You've got the best youth program in the nation and the best fans in the nation," he said. "When I first started in soccer, there wasn't much interest. But

there's always been interest in St. Louis. Others have long been trying to imitate St. Louis soccer." The CONCACAF

Tournament, used to determine the best representatives from the Americas in the Youth Cup Tournament next year, will feature some of the best under-19 year old players in the world. "Rote played his first game for Brazil at the age of 17 in the World Cup. I'm not saying that he's going to be any Pele here, but his age doesn't diminish their skills."

"These young people are heroes to me," Rote said. "There are five on the U.S. team from right here in St. Louis. They sacrifice their freedom somewhat to play on the team. But what they get out of it in the long run will make up for it."

**BALLET MOVES.** A Grenada player makes a graceful move with the ball Tuesday against Surinam, but it didn't help. His team lost 4-0 in CONCACAF soccer action at SIU-

Edwardsville's Cougar Field. In the other preliminary game played, Honduras, the number one seed, beat Bermuda 3-1.

## Honduras blitzes Bermuda

By PETE HAYES  
Sports Editor  
of the Press-Record

EDWARDSVILLE — Suffice to say soccer is pretty big news to people in the Honduras. Important enough for two radio broadcasters to accompany the Honduras 18-and under youth team to SIU-Edwardsville Tuesday night to send back a broadcast of the team's first game in the CONCACAF Midwest Youth Championship with Bermuda.

The fans listening in back home weren't disappointed. Honduras, the pre-meet favorite, blitzed Bermuda 3-1 in the second game of the evening session at SIU-E's Cougar Field. Surinam defeated Grenada 4-0 in the first game.

Honduras took a quick 2-0 lead in the first half on goals by Jorge Arturo and Oscar Bardalas. Arturo's goal was unassisted, while Bardalas got an assist from teammate Jose Reyes.

Bermuda trimmed to lead to one goal at the 44:10 mark of the second half on an unassisted goal by Kenneth Burt. But try as it could, Bermuda could get no closer.

Late in the game, Juan Carlos put in an unassisted goal at the 71:00 mark to ice it away for Honduras. In the evening's first game Surinam had little trouble putting Grenada out of its misery. A three-goal barrage in a five-minute

time span was all it took, but that didn't come until the second half.

In the first half, Surinam outshot Grenada 10-2 but could manage only one goal, taking a 1-0 lead into the halftime intermission, despite having a large territorial edge. That goal came from substitute Marlon Grando unassisted on a corner kick 35 minutes into the game. The ball hit goalie Richard Roberts in the chest and glanced into the left side of the goal.

In the second half, things got better for Surinam. Michael Elhart scored on a 40-foot shot past Roberts. Just a minute later, Ernandes Winter drove the ball into the goal area and shot it into the net making it 3-0. Four minutes later, the final goal of the game was scored by Ramon Enigh from the left side within the

penalty area. In the second half, the style of play degenerated. Two yellow cards and a red card were handed out. One yellow was given out in the first half. Surinam's Marlon Kortram was ejected at the 67:00 minute mark for "violent conduct." Romeo Tjon A Ton of Surinam was given a yellow at 54:00 and Ivan Hebert of Surinam was handed a yellow at 98:00. Grenada's Kelly Jack was yellowed at 23:50 of the first half. With their team ahead, Surinam players became the targets of pushes and shoves from Grenada's players. As is usually the case in such instances, the retaliation was what caught the eyes of the officials.

**HEADERS:** The round-robin tournament will continue tonight at Cougar Field with two more games. Bermuda will play Surinam at 6 p.m. and Grenada will take on Honduras immediately afterwards, at approximately 8 p.m. Saturday, Bermuda will face Grenada at 6 p.m. with Honduras against Surinam in the second game. The top two teams (those with the best win-loss records after three games) will advance to the CONCACAF quarterfinals at Kennedy Stadium in Washington, D.C. Aug. 18.

## McDonald's wins first title

By TOM SCHOCKER  
for the Press-Record  
GRANITE CITY — Finishing in first place in any baseball league is a feat in itself. But doing it as a new member to the league is something else.

Last Sunday at Hoppe Park in Edwardsville, McDonald's of the Inter-City League recorded 2-1 and 7-4 victories over the Edwardsville Nationals. The double win concluded McDonald's regular season at 14-4, giving it a one-game advantage over second place Corral Liguor and a lock on the Inter-City title.

However, for McDonald's manager Ray Harris, the championship was not as significant as the fact that his club obtained it in its rookie season. "If you were a team getting into a different league as we were," said

Harris, "it would take at least a year or two for you to win it. But this was our first time in the league and we got first place. I think that's pretty good."

In addition, Harris pointed out that his club not only took top honors in its initial season, but did so with relative young players. "I think the youngest players in the league are on McDonald's," said Harris. "If you look at Corral, they have players from college and even older. But most of my boys are just out of high school. I believe it's an accomplishment having a

younger team and still win first place."

Whether seasoned veterans or green rookies, Harris' success in the coaching position has yet to turn out a losing ball team. "I've coached baseball for the past six years," said Harris, "and my team's have always ended up in first place. In fact, none of my players have said that they haven't been on a winning team until they have played on a Ray Harris team."

McDonald's performance throughout the 1980 campaign can surely testify to that fact. "I just picked some

good boys and they did the job," said Harris. But picking those boys is a crucial decision that could make or break a team. "The biggest thing in winning games is a good lineup," said Harris. "Putting the right people in the right place has been our success."

One of those right people put into the right place has been Dan Schaap. "We picked Danny up from Maryville," said Harris, "and he has been our biggest contributor on the team. He drove in a lot of runs, he hustles, and he wants to play ball. He has helped overall

more than any other player. He really does a great job."

Having that perfect lineup is always a key, but McDonald's has been blessed with a fine pitching staff.

"The biggest asset throughout the season has been our pitching," said Harris. "They helped us win a lot of games. I strongly believe that my team has the best pitching in the league." Steve Doty is a prime example, posting a perfect 5-0 mark this season.

"Most all of them had a winning attitude."

But the story isn't over for Harris and McDonald's. The Inter-City playoffs begin a week hence.

## Tri-City team wins Sportsmanship Award

**HIGHLAND** — A successful season for Tri-City American Legion Post 113's baseball team was capped off here earlier this week with the announcement that the team is this year's recipient of the District 22 Sportsmanship Trophy.

So what else is new? This season marked the fifth out of the last seven seasons that this team has been named the winner. And it's been under three different managers — Conrad

"Babe" Champion, Kirk Champion and this year, Eldon Warfield.

Meanwhile, the Illinois State Legion Tournament got underway Thursday morning in Champaign at Memorial Field in Centennial Park. Belleville, which won the District-22 playoffs and then captured the Division five title last weekend in Steelville with a win over Carlyle in the championship game. Belleville's Hilgards were

to play at 4 p.m. today against the winner of this morning's game between Park Ridge of Division One and Galesburg of Division Three. Belleville (34-13), should it lose, will have another chance in the double-elimination meet.

Belleville's last trip to the state tournament was in 1975. That was also the last time the Hilgards won the state championship.

## Hemphill to be honored by 'his day' at SIU-EIU game

**CARBONDALE (Special)** — One of the most ambitious promotion ever sponsored by Southern Illinois University's men's athletics department — "Make a mark for Mark" — will hit the road this week after having enjoyed a successful reception in the immediate Carbondale area since its kickoff two weeks ago.

The unusual effort has three goals:

A — To raise \$20,000 for former Saluki football player Mark Hemphill who suffered a spinal cord injury in game action last fall and is now facing possible lifetime paralysis.

B — To attract a first-time drive capacity crowd of 20,000 fans to McAndrew Stadium when the Salukis open their 1980 home season against Eastern Illinois University Saturday, Sept. 13.

C — To show appreciation to Coach Ray Dempsey for the near unbelievable job he has turned in while rebuilding SIU's football program during the past four years. Although far short of its

monetary goal and with thousands of unsold tickets still available, the campaign shows every indication of developing into a popular drive throughout all of Southern Illinois.

"We will not rest until Mark returns to campus and is able to resume his college education, wheelchair or not," said Gale Sayers, athletic director of SIU's men's program. "We owe this to Mark and we'd like to think everyone in Southern Illinois, sports fan or not, will understand the obvious

seeking contributions. They particularly are eager to meet with and speak before members of civic, professional, fraternal and women's organizations interested in learning more about the various ways to become involved in the drive."

One-third of the normal cost of a reserved seat will go into the Mark Hemphill Fund. (Fans not wanting to participate may purchase the same seat for \$4).

Persons wanting to purchase tickets or make contributions may make a check payable to "The SIU Foundation-Mark Hemphill Fund" and send it to P.O. Box 1980, Carbondale, Illinois 62901.

# The smell of the grease, the roar of the crowd

## Granite City girl wins first feature at Godfrey

By KEVIN ALLEN  
of the Press-Record  
GRANITE CITY —  
Wanna hear something  
funny? Lori Roach won't  
get her drivers license  
until next year. She's 15.  
What's that? You want  
to know what's funny  
about that?

Well, Lori has been driving, in some kind of vehicle or another, since she was 12-years-old. Not just your puttering down the back alley stuff, either. She's been behind the wheel of various race cars for four years.

She started with junior midget cars — tiny racers not much bigger than a go-cart. This past summer she advanced into the world of stock cars.

Now, Lori is among the grease and roar that depends upon Godfrey Speedway every weekend.

If you happen to be in the neighborhood and are curious about the 15-year-old racer, it'll be easy. Just look for the young woman in the 1964 Chevrolet Malibu that's the only female on the track.

"They tell me I'm the only woman who's ever raced at Godfrey, and it's been open for 30 years," Lori said.

No license AND a woman, what is this racing business coming to?

Improved competition for one thing. Lori won her first feature two weeks ago, and has place second and third a number of times.

"People tell me I'm good, but I don't know. I'd say I'm still in the middle somewhere. I'm still just learning, but some day I plan to be good," Lori said.

Like everyone, but especially like someone her age, Lori said she has hopes and dreams. Only her arm's the everyday, run-of-the-mill, young girl's fantasies. Like, "I think about a lot of things, wild things. Like, I'd like to go to Indy some day — things like that."

Pretty big plans for a young woman who weighs only 97 pounds and stands 5 feet, 9 inches. Physical strength, though, isn't as important

as other qualities for a racer, according to Lori. And she ought to know. "I guess being able to think quick is the most important thing. And being able to act quick is the next important. You've got to be able to do both."

"I don't think I'm really that much quicker than anybody else right now, but I've improved a lot in just this year," Lori said. Oh. Once this summer Lori wished she had been better. She was driving off the track after her first race and came quickly upon an embankment.

"I had to turn sharp," Lori remembered, "but I was so tired I just couldn't put the wheel around."

Like most other racing talents, even her strength has improved since then, she said.

So she does have her problems, huh?

Well, not more problems than the

average beginning racer. And some of those have had nothing to do with her ability as a racer.

"Sometimes people get kind of mad, I guess, because I'm a girl," Lori said. "I guess they figure I don't have any business out there. But nothing serious has ever happened. If anything, being a girl has made it easier. People seem to pay more attention to me."

Other people have made things easier for Lori as well. Her father Darwin Roach, first introduced Lori to racing. Now, her brother, 8-year-old Tad, is following Lori's example and is racing junior midgets.

Lori's father is also her mechanic. "I don't know anything about cars," Lori said. "I leave that all up to him."

Another person who has helped Lori's racing career is Web Spalding. It was through his suggestion that Lori decided to race stock

cars. As owner of the Godfrey Speedway and a racer of considerable accomplishment, Spalding's advice is highly valued by Lori.

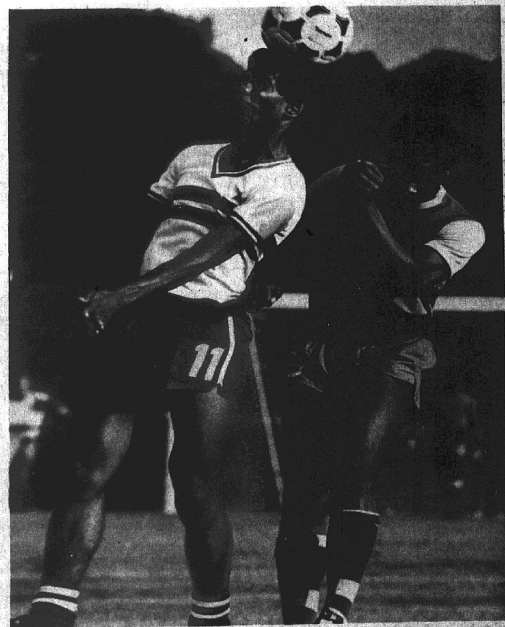

Of course, another Spalding, 19-year-old Carson, Web's son and Lori's boyfriend, had something to do with convincing the young girl to take up stock car racing.

"Before I was going to try midget racing," Lori said. "Now I'm glad I didn't. Those cars are a lot faster and handle a lot tighter than stock cars. I don't think I would have been ready for it."

So everything's rosy with Lori Roach?

Sure, with a father as a mechanic, a boyfriend and fellow racer pulling for her, and her father as track owner in her corner, everything's fine.

Well... she still doesn't have a driver's license.

**EXCERIN NO. 11.** Hank VanderHoof (left) of Surinam heads the ball against Grenada Tuesday night at SIU-E's Cougar Field in the CONCACAF PLAYOFFS. The action will continue tonight at SIU-E.

## The lady adds class to the race track...

COLLINSVILLE — Mary Jane Frizzell has been around horses her entire life and it's not hard to see why she has been so successful as a trainer. If you ever wondered why her stable colors are black with a gold "O" on the back, it is because her father Sam Orr, a trainer for over 50 years, had those same colors with the only exception being the "O" in white on gold. Longtime racing fans remember Mr. Orr as the man who named the "U.S. horses." Sam named many of his horses using the U.S. prefix (ex. U.S. Wood,

U.S. George, etc.) he also owned Barnaway, who at one time held the five furlong record at Cahokia Downs. Frizzell was born in New Orleans. Her father happened to be training there at the time. As a child she moved around a lot, between Texas and New England. She married trainer Walter Frizzell and they raced horses in New England as well as locally in the 60's. They raced the fine sprinter, Seal, locally in the 70's and he proved himself as a fast but somewhat delicate race

horse. Her father died in 1977 and it was left to Mary Jane to continue on in the horse business. Together with her son, David, who is now nineteen, Mary Jane has improved her stable yearly. This season she is training eight heads, the most she has had since she began training. Her stable boasts several top runners including Win U. Willie Fore Hand, and Revon. She has mixed emotions as to which of her horses she considers the best. Self "ind. Revon or Miss Frac Fox, who set the five furlong record at Cahokia Downs in 1967.

Frizzell owns the black "O" Stable, which is located between Collinsville and O'Fallon.

## Preps prep for pre-season practice

### Sportshorts

Girls physicals will be given at a later time.

#### GC North football

GRANITE CITY — Equipment for prospective Granite City North football players will be issued next week, according to Steele head coach Tom Wyrostek. Varsity players will pick up their gear Monday, Aug. 11 at 2 p.m. in the North gymnasium. Sophomores will pick theirs up the same day at 4:30 p.m. Freshman players will pick up equipment Tuesday, Aug. 12 at 5 p.m. The first day of practice will be Wednesday, Aug. 13 at 8 a.m. and 4 p.m. for all three groups.

#### Madison physicals

MADISON — Madison Senior High School will hold free physicals for all males who will be participating in athletics during the 1980-81 school year. The physicals will be given on Friday, August 15th at 8:00 a.m. in the High School Gym. The physicals will be good for all sports, all year including soccer, football, basketball, baseball and track. There will be no make-up given so if an athlete misses this free physical he will have to obtain a complete physical at his own expense before being allowed to compete in any High School sports. Soccer coach Gene Briggs announces that fall practice

will begin immediately after the physicals are given and soccer players should be in attendance on Friday morning, August 15 for practice.

#### GC North soccer

GRANITE CITY — The Granite City North boys soccer team will begin the 1980 season Wednesday, Aug. 13 with a practice at 8:30 a.m. Head coach Bob Kehoe will hold two-a-day practices, with workouts at 6 p.m. Kehoe said that players cannot practice without physical examination and parent permission forms, which are available at the school office.

#### South cross-country

GRANITE CITY — The Granite City South cross country team will hold its first meeting of the new season Tuesday, Aug. 12 at 9 a.m. at the South Gymnasium. At that time, runners will be assigned lockers. The first practice will be Wednesday, Aug. 13 at 8 a.m. All prospective runners must have a physical examination and a parent permission form before beginning practice. Forms may be picked up at the GCHS South office.

#### YMCA soccer

GRANITE CITY — The Tri City Area YMCA Soccer League is still in need of players at various age levels for the coming season. Any boy wanting to play this fall may contact YMCA Soccer Director Al Yount at 831-2544 or call the YMCA at 878-7200.

#### Park golf results

GRANITE CITY — The Granite City Park District announces the results of the annual Park District Golf Tournament. The tournament was held to conclude a seven-week golf instruction course taught by Gene Briggs.

Briggs reported the results to be as follows:  
Men's Division  
1) Don Kaltmeyer; 2) Ken Anderson; 3) Jim Wickman.

Women's Division  
1) Judy Sparks; 2) Kathy Kreckovich; 3) Christie Mathes.

#### Cougars to hold tryouts

EDWARDSVILLE — Tryouts for the 1980-81 women's tennis team at Southern Illinois University at Edwardsville will be held Monday (Aug. 4) and Thursday (Aug. 7), at 6:30

p.m., at the new varsity court on the north side of the Bubble Gym. It was announced by Bob Meyers, tennis coach.

#### Armenian golf winners

GRANITE CITY — Carl Ignatz of Granite City came away with the championship of the second annual Armenian Open Golf Tournament Sunday at the Granite City Army Depot. Ignatz carded a 44 over the 18 hole course. Runnerup Jeff Hagopian, who also was closest to the hole, finished right behind Ignatz with a 45. Defending champion Harry Vartanian of Fairview Heights won the low handicapper trophy.

Randy Holmer of Clayton, Mo., won the trophy for the longest drive of the day, while Raffi Ovian of Belleville won high scorer honors of the day.

A total of 80 golfers took part in the tournament. At the buffet dinner that followed the tournament, attendance prizes were won by Dr. Bob Blankenship, Larry Wright, Robert Parassaghian, Leo Manogian, Vahan Harian and Steve Hagopian. Judges and officials were Sam Manogian, Manny Ohanesian, Paul Tatanson and Ed Harolan.

## Roto

(Continued from Page 21)  
are fantastic," he said. "When I played, we flew into JFK in New York and met our teammates the day before our first game just before we got on the plane."

"Luckily, that sort of thing doesn't happen anymore." Rote, who started his professional career with the Dallas Tornado before being traded to Houston, spoke of foreign players in the NASL. "There are still too many," he said. "In fact, I'm fed up with it. I'm disappointed. The league's goal was supposed to be to develop American players. But it hasn't. In fact, it's been a failure."

"Sure, we got a world-class player like Franz Beckenbauer and before that Pele, but we don't have any all-stars that we're the best league in the world." Rote said that with the increasing popularity of soccer in the United States and the development of solid youth programs, the American players are gradually catching up with the rest of the world. "I think more American players are ready to play in the NASL," he said. "I think there should be some changes made to show it."

Among the changes Rote would like to see would be limiting teams to signing only five

foreign players. "With 24 league teams, that would still let us sign the top 120 players in the world."

One reason given for the failure of the old St. Louis Stars (now the California Surf) of the NASL was too many foreigners. Fans in St. Louis could pay considerably less to see St. Louis University and SIUE-Edwardsville use American talent — and win. In fact, it was St. Louis area talent.

Talent like Don Ebert of SIUE-Edwardsville, who after leading the Cougars to the NCAA National Championship last fall, was the number one pick in the NASL draft by the New York Cosmos. But after working out with the team and its new foreign coach, was told that the Cosmos were going with foreign players. He would have to sit the bench for at least three years. He voiced his displeasure, was cut and recently

signed with the Steamers of the Major Indoor League. Ebert, who still had a year left at SIUE, lost his NCAA eligibility and his scholarship because he signed the professional contract. "I don't think that sort of thing should be allowed to happen," said Rote. "The odds of an American player making it in the first place are low. There's no way of telling what all of that cost him (Ebert)."

KYLE ROTE JR.

## Al McGuire to appear

ST. LOUIS — Al McGuire, former head basketball coach at Marquette University and now a color commentator on NBC's College Basketball Game of the Week, will be the special guest and speaker at the Billiken Basketball Classic, a golf tournament and dinner for the benefit of the University's Basketball Department. McGuire coached the Marquette team to the 1977 NCAA National Cham-

ampionship and is one of the busiest and most sought after dinner speakers in the country. McGuire's wit is known throughout the nation and he is considered as one of the best coaches ever in the game of basketball. The Billiken Basketball Classic, to be held on August 18th, is a day long affair at the Sunset Hill Country Club in Edwardsville, Illinois beginning at 1 p.m. with the Golf Tournament. Following the golf tournament, a

cocktail party will be held at 6 p.m. with the dinner following at 7:30 p.m. McGuire will attend both the golf tournament and speak at the dinner.

Cost for the Classic is \$150 (includes golf, cocktails and dinner for one) or \$35 (Cocktails and dinner for one). For more information or to register contact: St. Louis University Basketball Office at 658-3170.

## Gasoline ration plan assailed as costly, inefficient

The House Republican Policy Committee last week unanimously opposed the Carter administration's gasoline rationing plan that went into effect Thursday.

Announcing the committee's action, Chairman Bud Shuster (R-Pa.) said, "Although the plan contains some cosmetic changes, it is essentially the same plan Congress roundly rejected (1974 to 1976) last year. The majority of Americans will receive no better treatment."

"For example, it will grant coupons on the basis of the number of vehicles an individual owns. These coupons will be distributed on the basis of a non-existent national vehicle ownership file which will require 16 months to compile, and then will be 20 percent inaccurate."

"It will create a new currency in coupons which will escalate the price of gasoline above the market price through a 'white market.' Meanwhile, it will cost over \$600 million to prepare this plan for further planning, \$464 million to be ready for use, and \$2 billion annually to operate by the Energy Department's own estimates."

"It is, in short, a non-plan which leaves many critical factors that would not be resolved until the development of an emergency, which could then be too late to consider such resolution."

## 2 delegates to youth conclave

Kevin DePew and Miss Susan Starr, members of the Mitchell United Presbyterian Church and students at Granite City High School, North Carolina, delegates to the 1980 youth triennial for North American Presbyterians at Bloomington, Ind., this week.

They are members of a delegation of 47 representing the 48 churches of the Presbytery of Elijah Parish Lovejoy. In all, nearly 5,000 youths from all over North America are in attendance. The triennial allows delegates to participate in a variety of workshop, study and recreational activities. Each day will begin with Biblical and theological study led by Dr. Bruce Riggdon of McCormick Theological Seminary in Chicago.

Each afternoon will give opportunities for workshops and seminars on such topics as personal and vocational decision-making, roots of the Christian faith, approaching interpersonal relationships with parents, peers and others, youth ministry, the church's response to human need, and creative responses to global dilemmas.

A presentation on Friday evening, Aug. 8, will be given by the Rev. Andrew Young. Early in his ministry, he was on the staff of the National Council of Churches in youth ministry. Later, he worked closely with the Rev. Dr. Martin Luther King Jr. in the civil rights movement.

The triennial will include 170 international guests. Most of the youths and adults from other nations will be sponsored by U.S. presbyteries and synods to foster close relationships between local congregations and persons from other countries and cultures.

Kevin DePew is the son of Melvin and Sharon DePew, 1 Blue Spruce Court, Susan Starr is the daughter of Harold and Charlotte Starr, Rural Route Two, Granite City. Both are active in the Mitchell United Presbyterian Church and its Youth Fellowship.

## TRESPASS CHARGE

Richard E. Grider, 23, of 1706 Cleveland Blvd., was charged last week with criminal trespass to property after a resident in the 1900 block of Cleveland alleged that Grider was trying to damage her house and was stopped by another man while Grider was attempting to leave on a bicycle.

## SHOTGUN STOLEN

Dorothy Parks, 2241 Iowa St., reported last week that a 20-gauge shotgun worth \$50 and an oil lamp valued at \$25 were taken in a burglary at her home.

## DO YOU KNOW ME??

My full name is Russell V. Lockridge and I was the front end of Russ and Homer's Auto Repair in East Granite. However, I'm now associated with the Chrysler dealer in Downtown Granite.

You see, with Chrysler's new "K" cars coming, I want to get right in the middle of the action. They've given me the title of **SERVICE SUPERVISOR** there, but I'm still Mr. Fixit to my old friends and customers. Now I'll be able to take care of servicing everybody's car or truck a lot better and faster than before. So remember,

## SUPPLEMENTARY INFORMATION

## AUDITOR'S COMMENTS

## SEGREGATED FUNDS:

As illustrated in Note 2, there are variances between the "Designated Balances" and the "Required Balances". As soon as possible, there should be a re-alignment of the "Designated Balances" to conform with the "Required Balances".

## LONG TERM BONDS PAYABLE:

In our opinion, the bonds payable schedule of principal and interest should be

revised to reflect the district's purchase of the \$75,000 of bonds due 1-1-90.

The bond funding agency, American National Bank and Trust Company of Chicago

should be made aware and all details resolved.

SECTION 6: This Ordinance shall be in full force and effect after its passage, approval and publication according to law. PASSED by the City Council of the City of Madison, Illinois, this 26th day of July, 1980.

APPROVED by the Mayor of the City of Madison, Illinois, this 26th day of July, 1980.

JOHN N. BELLOFF, City Clerk

NOTICE FOR PUBLICATION  
TO: HARRY PEQUES  
(RESPONDENT TO JAMES VAUGHN, A MINOR) 80-1-303 and to All Whom It May Concern:

Take notice that on the 17th day of July, 1980 a petition was filed under the Juvenile Court Act by Assistant State's Attorney Daniel Schattnik in the Circuit Court of Madison County entitled "In the interest of JAMES VAUGHN, a minor", and that in Circuit courtroom at Edwardsville on the 8th day of August at the hour of 2:00 p.m., or as soon thereafter as this cause may be heard, an adjudicatory hearing will be held upon the petition to have the child declared to be a ward of the court under that Act. The court has authority in this proceeding to take from you the custody and guardianship of the minor, and to appoint with power to consent to adoption of the minor.

Now unless you appear at the hearing and show cause against the petition, the petition may be taken for confessed as against you and each of you, and an order, judgment or decree entered.

## Alice!

**ALICE COOPER** performs for an intimate crowd of 2,500 during the weekend at the Mississippi River Festival. The ever-popular recording artist sang many of his old hits including "Only Women Bleed," "School's Out," "Eighteen," "Electric Blue" and "Under My Wheels" along with several songs from his newer albums. Some of the props used during the concert included his pet snake, second from left, a U.S. flag and Nixon mask, above, and a "Hanging Fever" shirt with obvious political undertones, at right.

### Pontoon OKs budget

The Pontoon Beach Village Board approved the 1980-81 budgets totaling \$323,660, which had been reviewed at the July 22 meeting, during a weekend session conducted by President Paul Bennett. A meeting was originally scheduled for Thursday, July 31, but was recessed until Saturday at 10 a.m. as there was not a quorum for the session. In an effort to control costs of moving to the new Village Hall and stay within the

budget, the board agreed to have the present phone system transferred to the new facility instead of using an entirely new installation. The transfer system should cost approximately one half of a more elaborate telephone program, the board noted.

In other business the board members advised Mary Warren, village clerk, to contact the Levi Sign Co. to have the existing sign at the new site, 3910 Highway 111,

striped and painted for a total cost of \$425.

When the work is completed the sign will read on the first line, Pontoon Beach Village, with the second line to read Village Hall and the third line is to state, Police Department.

The next scheduled meeting is to be at 7 p.m. on Tuesday, Aug. 12.

### CASH MISSING

John Mullen, 3300 Franklin Ave., reported at 9:20 p.m. Monday that a thief had stolen \$170 from a bedroom dresser drawer at his home. There was no sign of forced entry into the dwelling, police said.

### SHOTGUN STOLEN

James E. McMahon, 2627 Circle Drive, reported at 1:30 p.m. Monday that a burglar entered his house and stole a 12 gauge Remington pump action shotgun. The weapon, valued at \$180, had a 26-inch barrel, the owner said.

## Timely, full information was not forwarded to auto workers by committee, Fraser told

Following is the text of a letter mailed by workers here Monday to Douglas A. Fraser, president, United Automobile, Aerospace and Agricultural Implement Workers of America, Detroit, regarding UAW Local 1715 representing A.O. Smith workers at the Granite City auto frame plant:

"On July 31, 1980, the board of directors of A.O. Smith Corp. voted to permanently close their auto frame plant located in Granite City, Ill., resulting in the permanent loss of jobs of the approximately 650 employed as of April 8, 1980, and the approximately 1,000 laid off due to a decline in the number of 'B' frames required by General Motors Corp.

"A.O. Smith employees are members of UAW Local 1715, whose president is Willard Herzog.

"On April 7, 1980, A.O. Smith Corp. offered a proposal to the Union Bargaining Committee which was unacceptable to them.

"The committee was given the power to authorize a strike if an acceptable package was not received, so a strike began at 12:01 a.m. on April 8.

"At the regularly scheduled union meetings in April, May and June, a vote of confidence was given to the bargaining committee.

"However, on June 25, 1980, A.O. Smith gave the committee another proposal which they stated was their best and final offer and requested a response prior to July 1, 1980.

"Many of the union members were not aware of this proposal until a letter from A.O. Smith dated July 2, 1980, was received.

"In a union letter dated July 7, 1980, it was stated that the proposal was discussed with the membership on June 30 when they came in to receive their strike benefit checks. They may have discussed it with some members, but not all of them.

"The committee was mingling with the membership, and stated that negotiations were being held and substantial gains made.

"On July 8, 1980, another meeting was held between A.O. Smith and the UAW Bargaining Committee. At this meeting, A.O. Smith told

the committee that if the contract was not ratified by noon on Monday, July 14, 1980, the June 25 proposal would be withdrawn.

"The union members were not aware of this deadline until receiving a letter from A.O. Smith dated July 7.

"The committee stated in their July 7 letter that A.O. Smith said that we either accept what they offered or it would be withdrawn—but a deadline date was not mentioned.

"Since it was stated that this was a final offer with a deadline, and since it affected the future of so many families, don't you think a meeting of UAW members should have been called to at least discuss the proposal and see if the members desired to take a vote on the proposal?

"In another information sheet from the Bargaining Committee, which was not dated, they refer to the 'great take-away by the company,' referring to the withdrawal on July 18, 1980, of the June 25 final contract proposal.

"If they now feel that it was a great take-away, shouldn't it have been great enough to be brought back to the membership for a vote?

"There was never a special meeting called to discuss the June 25 proposal, and the July monthly meeting was cancelled.

"Due to the stamping car industry and general economic condition of the country, many members wanted a meeting called for discussion of the proposal and a possible vote. They were denied this right.

"Even though the committee was given the power not to call this meeting, many members feel that they abused the power given them and did not exercise good judgment.

"Even though A.O. Smith stated the plant was destined to close, don't you think it would have been much easier for the workers had they been actively employed when this closing came about?

"Suffering a four-month strike, then being unemployed permanently has placed a considerable hardship on many families. It is hoped that you will look into this matter so that things like this do not happen in other UAW locals.

"Copies of all letters and information sheets referred to are enclosed."

### Town officials elect Johnson

At a meeting of the Madison County Township Officials last week at the Courthouse, the following officers were elected for the 1980-81 fiscal year:

President, Tom Johnson, a Chouteau Township trustee; vice-president, Thelma Huston, Pin Oak Township assessor; secretary, Lucille Schmalz, Jarvis assessor; treasurer, Thomas Buchheim, Helvetia supervisor; and trustees, Viola Tucker, Collinsville supervisor, Kenneth Volght, Marine supervisor, and John Broderick, Edwardsville town clerk.

### Manhole cover damages auto

A manhole cover, apparently raised above the pavement on East 24th at August Street, tore the muffler from a 1970 Mercury, operated by Kenneth K. Reed, 2316 E. 24th St., this week.

Reed said he was turning from East 24th into August Street when the mishap occurred.

After being torn off, the muffler rolled into the vehicle's gas tank, damaging the tank and causing it to leak fuel.

East 24th Street is in the process of being asphalted, the report stated.

## State scholarship funds nearly gone

Southern Illinois University at Edwardsville students who plan to renew their Illinois State Scholarship Commission (ISSC) awards or apply for them for the first time are being urged to do so immediately.

John Jannetien, director of the Office of Student Work and Financial Assistance, said students who wait until they register for classes this fall may find ISSC funds exhausted.

The SIUE office has been notified that the number of applications and the percentage of the needy have risen so dramatically that all of the funds will be committed by mid-September.

More than 140,000 applications have already been processed, and the commission expects to be able to accommodate only 15,000 additional students before the funds run out.

Larry E. Matejka, spokesman for the commission, cited the increase in tuition, fees, room and board as a major contributor to the increased number of applications and the higher percentage of needy students.

"With 140,000 applications in for 1980-81, ISSC is continuing to receive more

applications than last year," Matejka said. In addition, about 80 percent of those students making application are showing financial need as compared to 74 percent the year before.

Current projections are that the 1980-81 funds (\$85,758,200) will be exhausted when 155,000 applications are received. Jannetien said students already holding ISSC applications should disregard the Feb. 15, 1981, deadline. "If they wait any longer, they stand a chance of being disappointed," he said. "With only 15,000 monetary scholarships remaining, it won't take long for them to go."

Students who wait until registration may find their only options will be to apply for winter or spring supplements, Jannetien said. Those who still need application forms may telephone 692-3880 and request that the forms be mailed to their homes, or may stop by the Office of Student Work and Financial Assistance in room 2308 of the John S. Rendleman Building.

# Internships aid students

By TOMMYE WALTER

Students choosing professional careers requiring some type of internship while they are in school are probably stacking the job deck somewhat in their favor, according to educators at Southern Illinois University at Edwardsville.

The educators believe that allowing students to spend a portion of their learning time in a professional setting enhances the chances of employment with the firm later.

Even if they aren't hired at the end of the learning period, the students have professional work experience to add to what would otherwise be a skimpy resume.

Getting that first job can be a job in itself. Employees want people with experience. Yet how are young graduates to gain experience if only the experienced are being hired?

Educators feel that the one answer to the problem of "no experience" is interesting. More than a few degree programs at both the undergraduate and graduate levels at SIUE entail a learning or conditioning period in a work environment that employs professionals in the career field.

Students completing academic work leading to degrees in journalism, speech pathology and audiology, education, earth sciences, and nursing all expect to earn academic hours in "on the job" experience structured in a different format.

These internship programs are considered to be a "no-lose" situation for everyone concerned. They provide the City of St. Louis and its environs, as well as major industries in Illinois, with a temporary work force somewhat knowledgeable in specialized fields.

The participating students receive invaluable on-the-job training. And the university units are able to contribute a worthwhile service to the communities where they are located.

SIUE journalism students have served their internships at many newspapers, including the Edwardsville Intelligencer, Alton Telegraph, Belleville News-Democrat, Collinsville Herald and Granite City Press-Record, as well as with United Press International in St. Louis, according to Rick Wilber, coordinator of journalism internships.

Wilber believes that journalism students are not learning on the job so much as simply getting acclimated to "working world" pressures and procedures. "They think we are swamping them by asking for three or four stories a week in the reporting classes. But when they get to work, they find that editors have greater expectations," he said. "They must be able to perform consistently and well."

The journalism professor said that internships provide two valuable services for students. Occasionally, an opening will become available on the newspaper staff where the student has interned and he or she will get the job. And even if the intern is not hired, the experience will provide the student with recommendations and clippings of work published in a reputable metropolitan newspaper, to show other prospective employers.

SIUE student clinicians in speech audiology and pathology have undergone training in a variety of work

environments, including Deaconess Hospital in St. Louis, St. Louis County Hospital, St. Elizabeth's Hospital in Belleville, the Headstart programs in both Madison and St. Clair Counties in Illinois, East Seal Society of Southwestern Illinois, special school districts and the Evangelical School for the Young Years in Godfrey.

The professional Experience Program (PEP) of the university's School of Business differs somewhat from the other "working" experiences. It is a cooperative venture. Students in the PEP program alternate between the workplace and the classroom, working full-time with a firm for several quarters and returning to campus for instruction for several quarters.

Unlike intern students who receive only academic credit for their efforts, co-op students receive a salary. The end result is the same. According to Robert Schutzius, director of student services for PEP, the work-study experience gives students a chance to develop proficiency in their chosen fields by working on the job.

They are generally made to feel a part of the firm, and the work they are accomplishing is contributing something to the well-being of the industry.

Businesses and agencies participating in the cooperative venture include Monsanto Corp., Owens Illinois, Scott Air Force Base, Westinghouse, American Steel Foundries, Alton Boxboard, Banquet Foods, U.S. Army Corps of Engineers, Farmers Home Administration, Helmke Excavating Co., Illinois Department of Transportation, McDonnell-Douglas and the Mercantile Bank.

Most students who have served internships feel they are better qualified at the onset of their first job experience because of their additional training.

While the newly employed having no previous training in the working environment of their professions are still busy getting used to the firm's policies and office routine, the student with experience is moving forward in the position.

## Blames Price for vote on gasoline rationing 'nightmare'

Republican Congressional nominee Ron Davinroy this week assailed Congressman Martin Price for his vote on gasoline rationing.

Democratic incumbent Price voted with a slim majority, 209 to 205, in the House to allow President Carter's standby gasoline rationing program to go into effect.

Davinroy criticized the rationing plan's \$2 billion implementation cost as a taxpayer "rip-off" which discriminates against thrifty and low-income families

having only one car, since the ration coupons will be issued for each registered auto up to three cars per family.

The complex bureaucratic nightmare involving the \$11 billion Department of Energy with its 21,000 employees calls for a 15-month implementation time after a 20 percent shortfall in gasoline supplies for 30 days," Davinroy said.

Congress has unwisely granted the president and the Department of Energy a potential stranglehold over the American economy with additional federal power to develop new regulations, under the present contingency status of the plan.

Price's vote for the rationing plan is consistent with his historic voting record of supporting programs which increase government regulations and load additional taxes on the consumer while reducing the supply of essential goods.

"The tax, spend and regulate" policies of liberal Democrats in control of Congress for the past 25 years have created the problems of energy, inflation and unemployment.

"Rather than solve the problems, Price and his colleagues have created new agencies and regulations to administer the big government misery equally to those of us who must suffer the shortages, inflation, high taxes and unemployment."

"The gasoline rationing program is an insult to the ingenuity and productive capabilities of the American people and our energy industry."

Davinroy concluded, "favor deregulating the energy industry, abolishing the Department of Energy, repealing the politically motivated windfall profit tax — which is an excise tax on consumers — and providing tax incentives for domestic production of all energy sources, including oil, coal, grain and wood alcohol, solar, nuclear and geothermal."

"We can produce oil, coal, grain and wood alcohol, solar, nuclear and geothermal."

"We can produce our way out of this government-created energy mess if we get those who want to tax, regulate and ration out of the way."

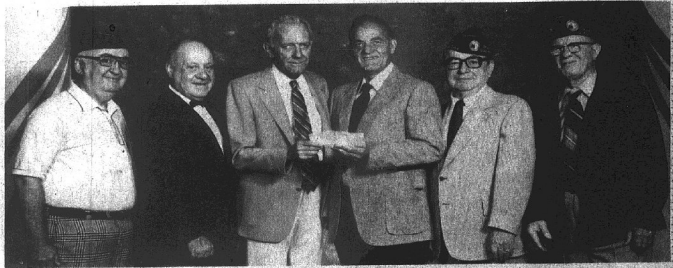

The awards included 40 for research, 79 for training, 10 for student support, and four institutional grants.

In the past few years, the number of awards has remained relatively constant, while the number of proposals and the value of the awards has steadily increased. "Such increasing activity has undoubtedly resulted in the relatively constant level of awards despite increasing competition for funds," Brown concluded.
